DRIVE TO SELL QUOTA HERE DECIDED ON

Executive And Advertising Committees and Township Chairman Are Appointed Tuesday

CHAIRMEN TO PICK HELPERS

Every Person Will be Solicited on Given Date When Organization is Perfected

DATE FOR DRIVE IS OCTOBER 10

Each Township Chairman Instructed to Appoint Helpers, Ranging in Number From 3 to 12

A drive of one or two days duration throughout the county to place the county's allotment of the Second Liberty Loan Bonds has been determined on by the county organization in charge and executive and advertising committees and township, appointed to carry out the plans.

This course of action was finally decided on as the most feasible at the meeting of the county committee yesterday afternoon in the court house assembly room. The date for the drive, when an attempt will be made to see every person in Rush county, has been fixed for October 10 and all the township chairmen are expected to report to the executive committee by that time that they have their organizations ready. Each township chairman is instructed to appoint a committee of solicitors, ranging in number from three to twelve, according to the size of the territory to be covered.

The county does not yet know its quota. It was published in an Indianapolis newspaper that the quota would be \$714,000, but it was announced today that the allotments made public last evening were incorrect and were being revised. It is practically certain that the local allotment will be between \$500,000 and \$700,000.

The executive committee is composed of the following men: J. F. Downey of the Arlington bank; A. L. Gary, chairman of the County Council of Defense; J. A. Leisure of Jackson township; J. F. McKee, cashier of the New Salem bank, and Wilbur Stiers, cashier of the Rushville National bank.

The advertising committee is composed of the following: Ralph Payne, cashier of the Peoples National bank and the Peoples Loan and Trust company; Lewis M. Sexton, cashier of the Rush county National bank; Theodore L. Heeb, secretary of the Farmers Trust company; Howard Henley, cashier of the Bank of Carthage and Wilbur Stiers.

The corporation chairmen named are as follows: Ripley, Roland H. Hill; Posey, J. Frank Downey; Walker, Thomas K. Mull; Orange, Solon Tevis; Anderson, Claude R. Crane; Rushville, Oliver Megee; Jackson, Jesse A. Leisure; Center, Bert B. Benner; Washington, Dr. C. L. Smullen; Union, William R. Martin; Noble, John F. McKee; Richmond, Joe Pike, Rushville city, Frank H. Green.

A. L. Gary today sent the following letter to each township and corporation chairman.

"Dear Sir:—At a meeting of the county committee for the sale of Liberty Loan Bonds held on yesterday, the above chairmen (a list of the chairmen was given at the head of the letter) were appointed for each corporation. Each chairman is requested to appoint a committee of from three to twelve in his township to assist in making a thorough canvass in the township for the sale of

TWO SUITS ARE DISMISSED

Replevin And Ejectment Actions Against Vanscoy Out of Court

The two suits filed by George E. Green against Timothy Vanscoy, for replevin and ejectment, were dismissed and the costs paid in circuit court today. Since the filing of the suits Vanscoy has left the Green farm. The replevin action was to recover possession of a horse Green alleged the defendant held and failed to return.

WAR LIBRARY FUND REACHES GOAL TODAY

Eight Dollar Contributions Are Made and Two Checks Promised Which Will Pass Quota

NEARLY ALL IS UNSOLICITED

The Rushville library board has raised its quota on the war library fund, it was announced today. Yesterday noon the local fund had reached \$230 and today at noon eight more dollar contributions were reported. This made the fund still seven dollars short of the quota, which is \$245, but the board was promised two checks which were expected to put the fund across the mark set for it.

Those giving a dollar and reported today were as follows: Mrs. Edward Young, Mrs. John Kennard, Thomas K. Mull, Dr. D. D. VanOsdol, John Davis, Havens Frazee and Mrs. Joseph Caldwell.

The fund is unique in that practically all of it has been given without solicitation. Those who have contributed have done so because they felt without any arguments being made to them that it was worth while.

SAYS HE WAS HELD UP AND ROBBED OF \$7

Arthur Ancil, Driver of Auto Bus, Says Thief Struck Him as he Entered Garage Here

POLICE CAN'T FIND A CLEW

Arthur Ancil, a driver of one of the auto busses operating between here and Greensburg, reported to the police today that he had been held up and robbed last night of \$7 at the Carr Garage in South Main street. He declared that a man attacked him as he entered the office and forced him to keep quiet in view of the fact that another man was within four feet of him whom he might call. The police investigated but could find no clew.

Ancil says he stood at the door while Bryce Stoops drove the auto bus back into the garage. The robber, he told the police, ordered him not to make a noise, but when Stoops came back, the thief struck him in the mouth, knocking him down, and taking the money from his pocket. Stoops ran for the police and when Policemen Seward and Newhouse arrived, the thief had fled. The police say Ancil was bleeding at the mouth where he had been struck.

REHEARING DENIED.

(By United Press.)

Indianapolis, Ind., Oct. 3.—The supreme court today overruled the motion for a rehearing on its decision declaring the law passed by the last legislature calling a constitutional convention was illegal.

CHARGES DISMISSED.

(By United Press.)

Bloomington, Ind., Oct. 3.—Criminal proceedings against Mayor John Harris, indicted by the grand jury on sixteen counts was today dismissed by Judge R. W. Miers.

RUSSELL CAVENDER GIVEN DISCHARGE

District Board Exempts Milroy Man On Agricultural Grounds, It Is Learned

PLANS FOR FAREWELL MADE

Band to Play When Local Contingent Leaves and When Other Men Are Here Saturday

The district appeal board granted an additional exemption yesterday for Rush county, holding that Russell Cavender of Milroy was entitled to an exemption on agricultural grounds. Cavender did not file any claim with the local board, but took his case direct to the district board. For some unknown reason his case did not receive attention when A. L. Gary, appeal agent, was before the district board.

The fourteen men who will make the trip to Louisville Friday will report at the court house tomorrow afternoon at two o'clock. The men will be instructed and a leader appointed.

Plans are going steadily forward for the farewell demonstration for the selectives. A committee was at work today securing funds for the band and it is planned to have the band out both Friday morning, when the local boys leave, and Saturday afternoon when the selectives from Irvington, Connerville and Liberty will be here.

The local board today urged men who have been exempted and who since the exemption have found that they are ready to go into the new national army to see the local board at once. It was stated today that one man had been found who was granted an exemption but is now ready to go. He has not appeared either before the board or the appeal agent.

The board pointed out that the exemptions are not permanent, but it is expressly stated on the discharge given each man that he binds himself to report to the board any time he finds he is in a position to serve in the army. Many have taken the exemptions to mean they are permanent, but this is not the case and there is a heavy penalty for evading this clause.

Since the granting of exemptions conditions might change so that a man by this time could serve in the army and it is made the duty of the men in this position to report at once to the board. The exemption will then be revoked and the man sent in his regular turn.

FRENCH BOMB BADEN.

Paris, Oct. 3.—Baden has been bombed by French aviators, today's official statement announced.

Youth Fails to Cover Up His Reformatory Record

Luther Van Hoosier, Alias Dalton, Admits Identity When Faced by Man Who Knows Him

ACCUSED OF THEFT OF BANK

It required the presence of L. B. Miller in circuit court this morning for Judge Sparks to obtain a confession from Luther Van Hoosier, alias Luther Dalton, 17 years old, charged with petit larceny in connection with the taking of a bank containing \$7.50 from the home of Ray Shelby, south of the city. The boy denied ever having worked for Mr. Miller and told the court he did not know him. Several other crimes the boy has committed hinged on his identity and the court, to make sure there were not two boys involved, sent for Mr. Miller.

Mr. Miller readily identified the boy and then Van Hoosier told his

CITY ELECTION PLANS DELAYED

City Council Would Add More Precincts if it Were Assured Women Would Vote

HIGH COURT TO PASS ON LAW

Decision Can Not be Given in Time For 30 Days Notice Required to Change Precincts

With the city election just five weeks from yesterday, the city clerk and election commissioners are anxiously awaiting the final disposition of the woman's suffrage law at the hands of the state supreme court in order that arrangements for the event can be made.

The city council, if there was any certainty that the women would get the right to participate in the election, would redistrict the city by adding at least three precincts to take care of the increased vote. But there is no certainty and as the precincts cannot be changed under thirty days it will be impossible to change them for this election, which will result in a heavy vote at all six precincts should the law be held constitutional.

The supreme court is to hear an oral argument on the case Oct. 9 and according to this, the decision cannot be given in time for the required thirty days notice to change the precincts. With no certainty that the women will get to vote, the council believed it would be an expense uselessly incurred to change the precincts for the election at this time and if the women get to vote the inconvenience of the crowded conditions at the six precinct voting places, will have to be undergone at this election.

The law will probably be decided in time to determine the number of ballots required, but even at this date the order for election supplies should be in the hands of the printer and as it is impossible to give the exact amount needed, the uncertainty of the situation is evident. The clerk will probably order the usual number of supplies and make arrangements to secure an additional list if the law is held constitutional. The same situation exists all over the state.

The candidates for office are also "up against it" as they do not know whether to seek the woman vote. The supreme court will undoubtedly give a decision before the election but the decision will not be made in time to change the precincts and thus avoid the crowded condition. The election commissioners here have not met as yet as there was little use to due to the unsettled

CAMPS TO OPEN JANUARY 5

Men From Regular and National Army May Try for Commissions.

(By United Press.)

Washington, Oct. 3.—The third set of training camps Jan. 5 to April 5, 1918, will permit members of the regular army, national guard and national army, along with graduates of certain colleges and military schools to train for officers positions, the war department announced today.

AT LEAST THIRTY DIE IN TYPHOON AND FLOOD

40,000 Rendered Homeless, Railroads and Shipping Paralyzed and \$3,000,000 Damage Done.

JAPANESE EMPIRE IS HIT

BULLETIN

(By United Press.)

Tokio, Oct. 3.—The death toll from the typhoon which swept Tokio Monday was today placed at 138. More than 100,000 are homeless.

(By United Press.)

Tokio, Japan, Oct. 3.—The most destructive typhoon and flood in twenty years today had destroyed thousands of buildings, rendered 40,000 homeless, paralyzed railroads and shipping and done \$3,000,000 damage in Tokio alone. At least thirty are dead.

The storm struck first in the vicinity of Tokio Bay. The whole coast line was inundated. A small tidal wave accompanied the wind and rain. At Yokohama four boats were swept under water.

The telegraph system is demoralized and reports from other parts of the empire are missing. The Sumida river is still rising and it was predicted today that 20,000 additional homes will be flooded in the Tokio district.

BAND STAND BUILT AT CAMP SHELBY

Regimental Musical Organizations To Give Concerts Every Night and Sunday Afternoons.

MOVIES START AT Y. M. C. A.

(Special to the Daily Republican.)

Hattiesburg, Miss., Oct. 3.—Many hands were busy at Camp Shelby erecting a spacious band stand in front of the division headquarters at Camp Shelby today. Beginning Tuesday concerts are given at the new location every afternoon and evening and Sunday afternoons by the various regimental bands.

Projectors and screens have also been installed in three of the Y. M. C. A. buildings at the camp grounds and all is ready for the movies to flicker. The first of these photoplay entertainments was given at the camp Monday night.

NEW PARTY IS ORGANIZED

Wellesley Professor Says Women Will Align With Organization.

Chicago, Ill., Oct. 3.—Prof. Ellen Hayes of Wellesley College declared this afternoon in an address before the joint session of socialists, prohibitionists, progressives and single taxers that the women voters of the country would align themselves with the proposed coalition party.

Miss Hayes statement was verified by other women delegates. Permanent organization of the proposed new party progressed rapidly this afternoon.

A marriage license was issued this afternoon to Willard Colter and Lucile Harcourt, both of Milroy.

ENLISTED MEN TO BE THE SAME

Only Change in Old Sanitary Detachment of Fourth Will be Addition of Three Officers

DENTIST AND 2 VETERINARIES

Effort Being Made to Have Lieut. Hale Pearsey Assigned to Place—Fine Quarters

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 3.—The personnel of the regimental infirmary attached to the 139th Heavy Field Artillery, formerly the sanitary detachment of the Fourth Indiana Infantry, recruited at Rushville, Ind., will be the same as far as enlisted men are concerned, except that there will be three more officers—one more dental surgeon and two veterinary surgeons.

First Lieutenant Hale Pearsey of Rushville, Ind., member of the dental reserve corps who has been assigned here, may be made the other dental surgeon of the infirmary. The officers and men of the infirmary are anxious to have Lieutenant Pearsey appointed since he hails from the same place most of the men in the infirmary do. It is reported that Maj. Cary commander of the infirmary, has requested the division surgeon located here to appoint Lieutenant Pearsey.

It is understood here that the headquarters company of the 139th Artillery, commanded by Captain John Kiplinger of Rushville, Ind., former captain of Company B, Fourth Indiana Infantry before that organization was combined with Company A, Fourth Indiana, to form Battery A of the artillery, will have some kind of work in connection with the telephones. Their work will be along the line of scout work, to advise how the shots are being placed in the enemy's lines.

The 139th Artillery regiment will have over sixteen hundred horses and two hundred mules. Some of the animals will be received this week. The regiment is now housed in tents and all have mess shacks of wood, all alike.

The regimental infirmary is situated on a hill overlooking the whole regiment. The enlisted men are sleeping in tents to the rear of the infirmary, except three sergeants. Sergeants quarters are in the infirmary building but one has to stay out with the men, turn about, two weeks at a time. Sergeant C. W. Gottman is detailed to that job for the present.

The infirmary building is sixty feet long and has a porch fifty feet long. It is arranged as follows:

"First floor, entering on right, are the receiving room, dental room, quartermaster's room and small tool room. Down the hall to the rear are the sergeants room, infirmary where there is room for 25 beds, a small room for the man on night duty and then a porch.

"First floor, entering on left, are Major Cary's quarters, infirmary office, Captain McClelland's office and a room for the lieutenants. Down the hall as one enters is the dining room and back of that the kitchen with a wall cupboard for utensils and another for groceries. At the rear of the kitchen is another porch."

There is running water in the kitchen and the whole building will soon be wired for electricity. The infirmary also has a bath house and latrine in the back.

The infirmary will be living in style soon. The infirmary mess was to be started by today at the latest. The stove has been installed and the ice box located. Until the infirmary mess was started, the men were assigned to the old companies A. B. and H. All wanted to go to Company B as Sergeant Bill Brann,

TWO DEPARTMENTS OF STATE DISCONTINUED

Statisticians Office and Bureau of
Legislative Information Go
Out of Existence

NO FUNDS ARE APPROPRIATED

(By United Press.)

Indianapolis, Ind., Oct. 2.—Two departments of state activities were discontinued this week because of failure of the legislature to make appropriation for their upkeep. They were the bureau of legislative information and the bureau of statistics.

Under the appropriation which provides for issuance of a year book the legislative bureau of information will continue until that work is finished—probably two months. John A. Lapp, former director of the bureau, will give part of his time during October to supervising the work on the year book, serving without compensation. Within a short time he will enter civic education work.

The bureau of statistics, supporting five free employment bureaus one each in Indianapolis, Ft. Wayne, Terre Haute, Evansville and South Bend, was abolished through an amendment made to the appropriations bill during the last hours of the legislative sessions. Henry A. Roberts, state statistician and five employees in the capitol beside superintendents and secretaries of employment bureaus, are without jobs.

It is known that Governor Goodrich intended to appoint Roberts to another state position paying the same salary as the statistics jobs but as the governor is ill now, he will be unable to carry out his wishes until he recovers sufficiently to assume the work of his office.

MEMBER OF STATE COMMISSION DIES

William J. Wood, Age 67, Expires
of Heart Trouble Today From
Illness Starting Sept. 15

LEADING TRAFFIC EXPERT

(By United Press.)

Indianapolis, Ind., Oct. 3.—William J. Wood, member of the Indiana Public Service Commission and one of the leading traffic experts of the country, died here today from heart trouble.

Wood became ill on Sept. 15. His term as member of the Public Service Commission started on May 1 as successor to Edwin H. Lee. Previous to that time he was attorney examiner for the Interstate Commerce Commission at Washington.

He was born in Alabama in 1850. In 1880 he moved to Evansville, taking a position with the L. and N. railroad. He rose to be third vice-president of the company.

In 1893 he moved back to Alabama, serving as state tax commissioner of that state for five years later as bank examiner. In 1901 he moved back to Evansville and was appointed member of the Indiana Railroad Commission.

He is survived by a widow and one son, William B. Wood of Detroit and one daughter, Mrs. John H. McNeely of Evansville.

***** "TRAIN" OF HOGS PASSES THROUGH CITY TODAY *****

A wagon train of hogs, fourteen loads of them, passed through the business part of the city today, bound for the depot to be shipped to market. They belonged to Joe Pike of south of Rushville. There were 298 in the bunch and farmers who saw them pass said they would not miss averaging three hundred pounds each. Mr. Pike did not know whether he would ship them to Indianapolis or Buffalo.

names of your township committee to the undersigned not later than October 5.

"For any further information than that obtained from your bank, call on or write Wilbur Stiers, cashier of the Rushville National Bank, Rushville, Ind., who is secretary of this committee.

DECISION IS BLOW AT PREMIER KERENSKY

Russian Democratic Congress Votes
813 to 180 Against Coalition
Government

RECONSIDER TUESDAY'S VOTE

(By United Press.)

Petrograd, Oct. 3.—The all-Russian democratic congress today voted 813 to 180 against a coalition government.

The decision is a blow directly at Premier Kerensky and the provisional government.

Yesterday the same conference voted 766 to 688 in favor of a coalition of all parties in the formation of a cabinet which should firmly administer the Russian democracy.

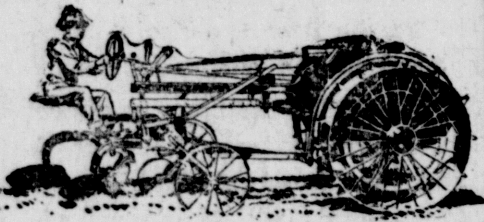

The vote today came after the conference had formally determined to reconsider that decision.

DRIVE TO SELL LIBERTY LOAN QUOTA DECIDED ON

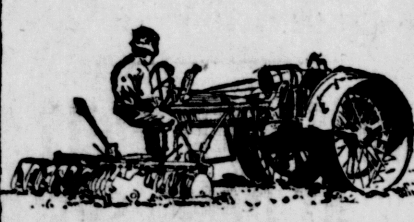

Continued From Page 1

these bonds. You should select members for your committee who will be active in soliciting or in purchasing. If you have a bank in your township, you can get material from it. It is the intention of the committee that every person in the county shall be given an opportunity to purchase bonds on Wednesday, October 10. It is hoped that the drive may be completed on that date and that Rush county may on that day sell her allotment. We are sure that all who subscribe will receive the amount they subscribe for. Please mark on the applications which you take, and which should be signed by the subscriber, the bank through which he wishes to purchase and his application will be delivered to that bank.

"You may begin taking applications at any time, but we would like to finish the county in our great drive on the 10th. Please send the

They Fit the Curves

Artists agree that the perfect foot and ankle of woman possesses a subtle grace which is very difficult to reproduce, even with a very skilled hand.

These artistic curves are the foundation for beautiful style effects in shoes. Only those shoes which follow the curves unerringly, be the design ever so beautiful, can impart the right style to the feet.

Our shoes are built over just such artistic lines and we have them in endless varieties, in Browns, Tans, Blacks, and the Popular Shades in two-tones with either high or low heels.

Shoes made of leather cost a little more than shoddy shoes, but are much cheaper in the end.

Kidney Disorder

(BY DR. L. C. BABCOCK)

"The most simple methods are usually the most effective ones when treating any disorder of the human system. The mere drinking of a cup of hot water each morning, plenty of pure water all day, and a little Anuric before every meal has been found the most effective means of overcoming kidney trouble. Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood. The danger signals are backache, depression, pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints or gout. Since it is such a simple matter to step into a drug store and obtain Anuric (double strength), anyone who earnestly desires to regain health and new life will waste no time in beginning this treatment.

INDIANA WOMEN, TAKE THIS ADVICE!

Laporte, Ind.—"When approaching middle life I suffered severely. I had never before suffered with any sort of womanly weakness and I was very much afraid that the critical time would go hard with me, but one bottle of Dr. Pierce's Favorite Prescription completely removed my pains and the change came on so easily that I was scarcely conscious of it. It is fifteen years since I took 'Favorite Prescription' and I am just as strong and well as can be and have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise its use by all women at the critical time of life."—Mrs. S. J. BAKER, 916 Scott St.

The Nurse's Sacrifice

The sacrifices that nurses make in offering their lives to save the lives of others can not be overestimated. The calling of the nurse has become extremely hazardous in this most brutal of all wars because of the tactics of the merciless German who deliberately flies over the hospitals back of the enemy lines and bombs them. Only yesterday another of the crimes that will be charged up against Germany was told in dispatches. An agent of the kaiser dropped explosives on a hospital, killing three nurses and a number of wounded men.

But there are thousands who are ready and willing to make the supreme sacrifice. More than two thousand wearing the Red Cross on their arm are now engaged in active nursing service, and another two thousand in teaching and committee work, the national committee on nursing of the American Red Cross announces. Nine thousand more stand ready to serve at once, and a number of trained nurses volunteering for service with the Red Cross now averages a thousand a month.

Miss Jane A. Delano, chairman of the nursing committee, says that the general scheme of unit organization was to keep together groups of nurses and doctors with experience in the same training schools and hospitals. Base hospital units for the army and navy have been recruited from alumnae of the schools connected with the largest hospitals in the country, in groups of 20, 40, 65 and 100.

Besides the base hospital units the Red Cross has established units of nurses for emergency use. Such a hospital unit consists of one doctor and twenty-five nurses.

Specially trained nurses are being held in readiness for work in units devoted to pediatrics, orthopedics, mental diseases and public health.

Infant Welfare nurses have already been sent to France and to Roumania. Plans are also under way for a special unit of nurses trained in the care of mental diseases to serve in the mental wards of the hospitals established at the thirty-two army cantonments. Units in orthopedics are being prepared to meet the needs of the maimed in the reconstruction hospitals.

In the civil zones surrounding the training camps and cantonments and the naval bases, fifty public health nurses have been assigned to work under the Red Cross sanitary directors. Ninety-five Red Cross nurses in the town and country nursing service are engaged in teaching and nursing in rural and mining districts that the public health at home shall not suffer needlessly.

Doing Her Bit

The housewife will do her bit, according to announcement by the government, in the conservation of the limited supply of tin plate by cooking and soaking her own dried peas and lima beans in the kitchen and thereby releasing a proportionate amount of tin cans for use in the packing of perishable goods where they are greatly needed.

In this connection, also, housewives are warned to read the labels on canned peas and beans which they

buy to determine whether they are getting the fresh product or a soaked dried product. Soaked peas and lima beans are a wholesome article of food, it is stated, but they are, however, admittedly inferior in quality as compared to the products prepared from the fresh vegetables. Furthermore, the dried peas or beans may themselves be purchased cheaply and while in the dried condition may be commercially and satisfactorily stored for future use.

It is for this reason that housewives are urged to read the labels on these two articles because soaked peas and beans are labeled as such, the canner is in violation of the pure food and drug act. Cases have been known where the dried article has been sold as the fresh product.

It would be interesting to know just how much of that large Russian loan will find its way into the pockets of the men in the trenches. We look with pride on the splendid personnel of our army, but we are too apt to forget or overlook the fact that an adequate wage goes a long way towards securing that personnel. The difference between one cent a day and one dollar a day may account for considerable enthusiasm or its absence. An American guarantee of fifteen or twenty dollars a month to every Russian soldier who is willing to stand and fight would materially change the morale of the Russian armies. It is worth a trial.

An Indiana woman has been dis-franchised for two years for stealing coal from a school house. This was the extreme of cruelty since she was just on the verge of getting a vote providing the state supreme court does not uphold the Marion county superior judge, who ruled the law giving Indiana women limited suffrage was void.

If you haven't bought a Liberty Bond, it is sure that you will get a chance to because the committeemen have the names of every man in Rush county. You can't dodge 'em.

REJECTED BY MINE WORKER

Compromise Offered By Operators Is Turned Down By U. M. W.

Washington, Oct. 3.—A compromise wage advance offered by the bituminous coal operators was rejected by the United Mine Workers. Efforts to reach a satisfactory adjustment will continue. Miners objected to the operators plans of a contract for the duration of the war. The miners contend that they do not want to be tied up to an indefinite contract, but wish it for three years. There is also considerable difference over the wage increase. The operators have agreed to a five cent a ton advance while the miners want 15 cents a ton increase.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Interior Decorating

Our Decorating Department is stocked to the roof with the newest designs and colorings in decorative WALL PAPER for the Fall trade.

We anticipated our needs early in the game, consequently we are in a position to protect you against any future rise in price.

Our SERVICE in this department has been polished until it has become nearly as efficient as the service offered by our DRUG Department and we want our customers to be benefited by our untiring efforts to maintain the very best quality goods, and the most efficient service offered anywhere.

Whether or not you are ready to buy, Come in. We are always pleased to show you.

STREET WORKERS WAGES INCREASED

City Council Decides to Give Them
More Money When They Threat-
en to go on Strike

COST OF LIVING IS BLAMED

Water Extension to be Made in East
9th Street—Buildings in Alley
Hold up Paving

Under a threat to strike, the street department of the city obtained an increase in wages last night from the city council. The men who stated they would no longer work for 22 cents an hour were those under the direct supervision of the street commissioner, but in order to satisfy everyone the entire department was given more money.

The men under the street commissioner are to get 25 cents an hour, an increase of three cents on the hour, dating from Oct. 1. The teamster is to receive 50 cents an hour, an increase of six cents an hour. The two street sweepers, John Singler and John Jordan are given a dollar more on the week making a total of \$13 a week.

The street department recently received an increase in pay but the amount did not near correspond with the increased cost of living. The council declared they did not see how a man could live for what these men have been getting and readily granted the increase. The men on the street formerly received 20 cents an hour and the council pointed out that the cost of living has increased more than five cents on the dollar.

The water and light committee reported that after an investigation it was decided to build the water extension in East Ninth street. The extension is 112 feet and instead of supplying one family will probably supply four or five.

Thomas Cauley, contractor for

HENRY A. ROBERTS

The former state statistician lost his job because the legislature failed to appropriate funds to run the office.

the paving of the alley between Main and Perkins street, running north from Fifth to Sixth street, was before the council last night and gave notice that if the alley is to be built sixteen feet wide, according to the plans and specifications, several barns and buildings will have to be moved. Cauley stated that he was ready to start work since the circuit court sustained a demurrer to the complaint in the injunction suit.

The council took no action and more complications are expected before the alley is constructed. Cauley maintains it is not his place to move the buildings and the city says it is not their place; so the question is how to make the property owners place their buildings on the property line so that the width of the pavement can be sixteen feet.

Supt. Mahin reported that one of the engines at the water and light plant was shut down for repairs. He stated it had been running for nine years and was almost worn out. The necessary repairs were expected here today and the engine will be in operation by tomorrow.

TAKES LESS FOOD IF EATEN RIGHT

Dr. Hurty Declares Thorough Mas-
tication Will Help Reduce
High Cost of Living

ALSO WILL BE HEALTHIER

Points Out That Poor Health Costs
Money and a Little Care Will
Save Money

By DR. J. N. HURTY.
(State Health Commissioner)
(Written for United Press.)

The costs of ill health are very great. If there were less ill health these costs would be less. Every person, or let us say ninety per cent of all persons, experience sickness to some degree. Our common salutation—"How do you do?"—is a recognition of this fact. Sickness costs money for doctors, for nurses, medicine and loss of time; but the greatest loss is lessened efficiency. Sickness warps and dulls perception and judgment.

Headache, sour stomach, biliousness, constipation, rheumatism, sore throat, cough, cold in the head, will lessen business efficiency and causes costly mistakes. A poorly lighted office, foul air laden with tobacco smokes, also depress perception and judgment and lowers efficiency. Sickness proceeds mostly from wrong living. At the table is when we throw the rocks at ourselves.

Rapid eating, over eating, eating a wrong diet and bad cooking; these are the mighty sickness makers. We can lessen the cost of our food fully one-half by selection of rational diets and chewing more thoroughly. Over and over the phy-

siologist has proven that "one-half the food we eat goes to support life and the other half is what makes us sick." And again they tell us, that by thorough mastication we can live stronger and better upon much less food. In numerous feeding and nutrition experiments upon human beings, it has been positively demonstrated that thorough chewing will enable one to live on fifty per cent less food and be healthier and stronger.

"I am tired of hearing about the high cost of food, for each individual can lower the cost fully one-half through rational living. We have only to stop our present cranky, foolish, weak, self indulgent feeding, to save great sums and be

healthier, stronger and happier. Do this or quit complaining about the high cost of food and about your bodily ills. Don't be cranks and assault your bodies and purses."

THIRD SECTION STARTS

Indianapolis, Ind., Oct. 3.—The third section of Indiana's conscripted men started leaving for Camp Taylor at Louisville today. Twenty per cent of the state's total quota on the first draft was included in the increment leaving today. It was planned at first to send forty per cent but because of lack of clothing for the men, this was cut in half by the war department.

Twenty per cent remains to be sent to the training camp. They will

leave very shortly.

Born to the wife of Charles Palmer, yesterday morning, a boy weighing eleven and a half pounds.

Mi-O-Na Stops All Stmoach Distress

Why suffer with that uncomfortable feeling of fullness, headache, dizziness, sour, gassy, upset stomach or heartburn. Get relief at once—de-lays are dangerous. Buy today—now—a 60c box of Mi-o-na Tablets. There is no more effective remedy. For sale by Johnson's Drug Store.—Adv.

We Will Not Close Our Store Because We Are Going To War

Matinee, 5c and 10c

Night, 10c and 15c

Miss Theresa Molique was a charming hostess Monday evening, when she entertained a few of her girl friends with an informal party at her home in Connersville. The affair was in the form of a dove party. Miniature doves made a clever decoration for the table and tiny doves were given the guests as favors. Hosts of fall flowers were also used to brighten the pretty dining room, and a color scheme of yellow and white was used in the appointments of the elegant four course luncheon which was served, at the close of the delightful, evening over needlework and knitting. The Misses Helen Osborne and Margaret Kelly of this city were among the guests of honor.

Miss Pauline Cowing, assisted by Miss Marjory Maxiner and Mrs. Donald Alexander and Miss Susie Feaster royally entertained about twenty-seven members of the Loyal Daughters class of the Christian church, last evening at her home in West First street. Miss Merle Freeman of Chicago was the only visiting guest. The president, Mrs. Russell Barringer, presided over the meeting. During the business session, the secretary's and treasurer's reports were given and a letter read from Mrs. C. M. Yocum, now residing in Kansas City, Mo. Miss Cowing and Miss Maxiner played several piano duets and the girls wrote a class letter to Mrs. Yocum, each members contributing to the letter. The girls also sewed and knit and the hostesses served a course luncheon. In two weeks, Miss Bessie Morris will be hostess to the club.

Mr. and Mrs. L. M. Clark entertained with an elegant six o'clock dinner last evening at their home in North Main street, honoring their nephew, Robert Hume, who will go to Camp Taylor at Louisville, Ky., Friday. The military dinner was served in three courses, a design of flags centering the prettily laid table, and dainty patriotic place cards marked the places for the following guests: Mr. and Mrs. O. E. Hume and son Robert, Mr. and Mrs. Ben Hume, Mr. and Mrs. Charles Offutt, Mr. and Mrs. John H. Frazee, Mrs. Helm Woodward and son Robert of Covington, Ky., and Miss Nettie Clark.

A wedding of much interest to friends in this city is that of Miss Mable McCracken and Jesse Miller, both of Shelbyville. The wedding ceremony was performed at 6:30 o'clock Saturday evening by the Rev. A. F. Von Tobel of the Presbyterian church. Mr. and Mrs. Miller will make their home on a farm near Shelbyville. Mrs. Miller lived in this city for several years and attended the local high school.

Mr. and Mrs. Will Ash of this city were among the out-of-town guests who went to the home of Mrs. James Ash in Shelbyville, Sunday to celebrate her birthday and her fortieth wedding anniversary. The day was a very pleasant one and Mrs. Ash was the recipient of many beautiful presents.

Pretty fall flowers were used to brighten the parlors of the home of Mrs. George Osborne yesterday afternoon, when she entertained

Social Calendar

Wednesday

- Grand club with Mrs. Guy Abercrombie, 613 North Perkins street, in the afternoon.
- Yomo club with Mrs. Norman Crum, 839 North Jackson street in the afternoon.
- Pitch-in supper at the Red Men Hall for the members of the Lurline council, in the evening.
- C. W. B. M. of the Little Flatrock Christian church, in the parlors of the church in the afternoon.

twelve members of the O. N. T. club. The guests sewed during the afternoon and the hostess served refreshments. The next meeting will be held in two weeks.

The first meeting of the season of the Research Literary club of Millroy was held with Mrs. E. O. Anderson yesterday. About fourteen members were in attendance and the entire afternoon was given over to business. The members decided to hold all day meetings this winter and sew for the Red Cross in the morning and have their regular literary program in the afternoon.

The twelve members of the Tuesday evening card club were entertained by Mrs. Jesse Poe last evening at her home in North Morgan street. The guests were entertained with lively rounds of five hundred, Mrs. Walter Easley and Mrs. Eddie Carter winning the pretty trophies. Dainty refreshments were served. In two weeks Miss Hettie Retherford will entertain the club.

Mrs. C. J. Tucker was the only visiting guest yesterday afternoon at a meeting of the S. E. T. Embroidery club with Mrs. George Helm, at her home in West Third street. Knitting for the Red Cross was a pastime for the guests and refreshments were served. Miss Lucy Inlow will be hostess to the club in two weeks.

About twenty members of the W. R. C. Penny Social enjoyed a pleasant meeting yesterday afternoon with Mrs. Ed Lee at her home in North Sexton street. The afternoon was whiled away over needlework and splendid refreshments were served.

William C. Fitz and Miss Hyacinth Hook, both of Elwood, were married here today at the Baptist parsonage by the Rev. C. J. Bunnell. They left for a short trip to Louisville, Ky., and later will be at home in Elwood where he is employed in the tin-plate mills.

Mr. and Mrs. Ode Winkler will entertain with a pitch-in supper this evening at their home in Jackson township, honoring Mr. and Mrs. Orbie Warrick, who were recently married.

Days Pickings

Mrs. W. A. Jones fell yesterday and injured her leg which was hurt more than a year ago when she fell and broke her hip bone. Mrs. Jones has been crippled since that accident. She was on the way to the C. I. & W. yesterday when she fell.

Frank Forry, formerly instructor in German in the Rushville high school, who is studying medicine in Indiana university, has been elected to Nu Sigma Nu, an honorary medical fraternity.

A boy weighing ten pounds was born last night to the wife of Hal Green, north of the city.

Ab Enos is ill at his home in Sexton.

Webster's Carbon paper. L. C. Hiner.

Margaret Mason Wrote It in Prose, But It's Really Poetry

By MARGARET MASON (Written for United Press.)

There was a little man And he bought a little hat, To take his pretty little wife. He thought it out of sight. Well it was a sight, all right, And he spoiled all, her happy little life. He thought himself so smart At the chapeau buying art That he always picked her hats from then to now Till ashamed to show her head In his hats the lady fled To Dahomey where they've no hats anyhow. If your husband is like that And should bring you home a hat Leave him quickly—warning take from what I've said If you don't my little dear, Then I very greatly fear That the blame and hat must rest upon your head New York, Oct. 3.—A strolling up Fifth Avenue the other day to get a view of all the latest fashions new and other things of interest too, I saw a sight I sensed to be beginning

Amusements

The Gem will show the feature drama, "A Bit of Kindling," for the program tonight. Miss Jackie Saunders, the tomboy of the screen is featured and it is said to tell a fine story. There are many big scenes and the story is taken from life. Tomorrow the William Fox feature, "High Finance," will be shown. George Walsh is featured.

The Princess offers Mable Taliaferri in the feature drama, "A Wife for Proxy" for the first picture of tonight's program. It is the story of a girl who sacrifices to save a friend from the snares of a beautiful adventuress. In addition to this drama, "Pathe News" will be shown. Tomorrow Aneta Stewart will be seen in the feature, "Clover's Rebellion."

William Collier, who will appear in, "Nothing But the Truth," which has played for a year at the Longacre Theatre, New York, will be seen at the Murat Theatre, Indianapolis October 8-9-10th, with matinee Wednesday. Monday night is for Shriners only.

"Nothing but the Truth," is a farce in the true acceptance of that much abused word. It is all that the term farce implies—a clean play with amusing scenes and absurdity of complications that send an audience away from the theatre saturated with laughter. That is its mission, and it made good in New York, where it enjoyed a laughing career of over a year, and that too, in a city of many amusements. The only thing serious about this play is its title, for when truth manifests itself in the efforts of the hero to win a ten thousand dollar wager, mirth and laughter are very much in evidence, and an audience is guilty of creating them both as it watches the honest efforts of the earnest young gentleman to add ten thousand dollars to his fiancée's bank book by the simple method of telling the truth only.

And he does speak the truth, and therein lies the complicating effects of the plot. It is difficult to describe in print the absurdity of scenes and situations, the general upsetting and putting away of business and domestic life, and no farce has ever been staged so replete with these as "Nothing But the Truth."

The play has been given a star of no mean merit in William Collier, the well known comedian, and a supporting cast will fully emphasize all of its mirthful possibilities, and this should afford local patrons of the theatre one of the enjoyable evenings of the current season, for it is a funny play—it has proven this by repeated performances.

Among the east are to be found Rapley Holmes, Charles Walton, Ned Sparks, Arnold Lucy, Betty Wales, Lillian Lawrence, Ione Bright, Mary Harper and many more.

The Murat agent in Rushville is Hargrove and Mullin and tickets can be purchased there for any performance.

WANT ADS BRING RESULTS

of a tragedy, although perhaps you'll not agree that such a simple thing could be a terrible catastrophe—but that is what it seemed to me. Before a hat shop, very smart, whose wares with super-subtle art within the shadow of the mart attract each female passer-by e'en as the spider does the fly, and lets them not by 'till they buy, I saw a man of portly mein with ruddy face and manner keen (I judge he came from Abilene or some small city in the West) and there he stood with visage pressed against the glass. Full well I guessed his dire intent and was distressed. I knew that in the book of Fate 'twas writ his unsuspecting mate, away out west right on the pate, was due to get an awful blow when he came home with face aglow and straight unwrapped her gift to show.

I knew that husband meant to buy his wife a hat 'twas in his eye I had a wild desire to cry, but all I did was sadly stare and soon I saw him enter there a victim of the modiste's snare. Alas, I knew it was too late to change that poor wife's hateful fate and so I left with a quickened gait.

Oh why, will husbands do this thing? The hearts of helpless wives they wring when hats they homeward haste to bring. I'm sure the hat selecting call, in Spring, or Summer, Winter, Fall, has sounded in the lives of all. It's time we women took a stand and clubbed together in a band to stop this outrage through the land. I think we should all come out flat and let them know where we're at against the husband-hand-picked hat.

Now let me haste to qualify. It's only women they go and buy a hat alone and on the sly, that woman hate hats husbands buy. It's quite all right when wifely's nigh, to catch the salesgirl's knowing eye.

I love to have my husband go with me when shopping for chapeaux. He wants to buy each one we see that is becoming quite to me and so I get not one but three.

And now the bright thought came to me, we'll solve the thing this way, you see, and turn our grief right into glee. As soon as women get the vote, I hope they'll make a little note of this hat matter that I wrote, and pass a law when husbands feel the urge of hat selection steal through all their being, head to heel, that they be not allowed to go, unchaperoned to spend their dough, and buy a hat that's beauty's foe. Accompanied by his wife must each man on a hat buying spree, or subject to the law he'll be. Two years imprisonment or fine in silver, dollars five or nine if he is found with full design alone in any hat shop smart about to buy a work of art that's sure to break his poor wife's heart.

But if this scheme of mine falls through and as solution will not do, why here's another, simpler too. 'Twill cure him, I am sure of that, if we just give him tit for tat and go and pick HIM out a hat.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Nightwear

During these trying times, when buying a pajunion, a gown, or a nightshirt, unpin it. Find out what you are buying. Dig deep beneath the surface. If the garment you are looking at has a guilty secret, pull out the pins and expose it. Remember that the fit value, the comfort value and the satisfaction values all lie hidden, as the usual garment is presented for the buyers' consideration.

Brighton-Carlsbad courts the fullest inspection, simply because it possesses such splendid marks of quality and such unusual features that certain satisfaction inevitably results.

Only the best quality of outing is used in making our ladies' gowns, of which there are scores of styles. You will be interested in the pajunion, the one-piece pajama—it cannot be excelled for sleeping porch use. Sleeping garments with feet for children of all ages. It will be worth your while to see these splendid garments.

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof

We publish the formula of Vinol to prove convincingly that it has the power to create strength.

By Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Cascaria.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

ELECTION NOTICE

The members of the Rush County Farmers' Insurance Association are hereby notified to meet at the assembly room, court house, in Rushville, Indiana, on

SATURDAY, OCTOBER 13, 1917, at 1 o'clock p. m. for the purpose of electing officers for the next ensuing year and for the transaction of such other business as may come before said meeting.

L. R. WEBB, Actuary.

Sept 19-26-Oct 8

NOTICE OF DITCH LETTING.

Notice is hereby given that the Trustee of Posey Township Rush County, Indiana, will at Arlington on

THE 18th DAY OF OCTOBER, 1917, at 1:00 o'clock p. m., receive bids for the improvement by cleaning and repairing the following ditch:

Hackleman and Price Tile Ditch. Plans and specifications are on file in my office showing the number of cubic yards of excavation, where excavation is necessary, and the work to be performed in making such repairs, by sections of one hundred feet.

The successful bidder shall, within 5 days, be required to enter into a contract and give bond with two freehold sureties in a sum not less than double the amount of the contract so awarded.

FLOYD WOODS, Trustee of above-named Township.

Oct 5-10

AIR FIGHTERS ARE MAKING HEADWAY

American Fliers in France Will Soon be Ready to do Their Part of Work

TWO BIG SCHOOLS THERE

Located in Obscure Places—French Officers Admire Men For Discipline

By J. W. PEGLER (U. P. Staff Correspondent.)

American Field Headquarters, France, Sept. 6 (By Mail)—Tucked away in the obscurity of France where even war news filters through several days late, Uncle Sam's fledgling air-fighters are beginning to sprout their wings.

You will find them in two big French aerodromes—men of the Army and Navy and Americans of the French Foreign Legion who have temporarily expatriated themselves to learn flying.

The early bird-man catches his coffee and rolls at 4:30 a. m., and from that time on until ten o'clock at night—in good weather—his hazardous day is crowded with work and lectures and study.

The daily schedule calls for three hours' rest between noon and three o'clock. Sometimes a fellow gets a chance to sleep in this period but more often he spends it propped up in his cot studying the whys and wherefores of the spiral spin.

Uncle Sam's war aviation field isn't an aviation field at all just now. Engineers are working there putting barracks and hangers or building the necessary railroad spurs with the aid of a band of complacent German prisoners. Pretty soon now, if the officials and the people at home come through with the material, this field will become one of the greatest aviation bases in the world. But the flyers can't wait so they're learning with the French.

Take the Army and Navy men's school. These men were picked because of the unusual qualifications and sent over here to France to study flying with experienced French air-fighters. Already one class of navy men has graduated from the preliminary course of flying and passed on to the second course where they will learn to handle the big machines which drop bombs and the fleet little craft that do the fighting.

Mingling with the American soldiers and sailors are other Americans in blue uniforms, the uniform of the Foreign Legion, who flocked over here confident of learning something, somewhere the flying game more quickly than they could at home. They will be ready with the rest, when the time comes to fly before the American trenches and stifle the enemy guns.

Rich man's heir and poor man's sons and the college athletic hero of a season are mingled together, taking the same course, living under the same discipline.

The new student goes up in a plane with a double set of control levers, said a young lieutenant, the son of a former mayor of New York. "If the student makes a mistake, the French pilot sitting behind him, gives a hand-signal for the student to let go of everything. Then the pilot works the plane with his own levers and if it isn't too late can prevent accidents. The double control lever saves a lot of fellows from getting hurt."

But people will get hurt despite the control system. Students at this school can point out the two spots on their flying field where two American naval flyers fell to their death while learning. And farther down the field, behind a big hangar there is a pile of three or four junked aeroplanes, broken in minor flying accidents.

French officers admire the American sense of discipline. Here is an instance that the whole camp will remember. The pilot instructed his students to steer a straight course no matter what lay ahead because a green pupil is liable to upset his machine by attempting to turn. The pupil obeyed and crashed into a tree. Both occupants of the machine had slight injuries but the instructor was satisfied he had a man of nerve.

SEEKING SUPPORT FROM THE PEOPLE

This Apparently Purpose of Pope Benedict in His Further Search For Peace Basis

FAVORS SOCIALISTS AIMS

By JOHN HURLEY (U. P. Staff Correspondent.)

Rome, Oct. 3.—Pope Benedict is apparently seeking support of his peace plan from the people of belligerent nations, since his appeal to the rulers has been ineffective. Direct approval of certain socialistic aims was attributed to him in a statement today.

The greatest significance was attached to an editorial in a newspaper frequently regarded as the vatican official organ and which it was believed was approved by the pope. The editorial declared the holy see was in agreement with the socialists insofar as they were seeking to safeguard democratic liberty and protect constitutional rights by legal means.

Another direct intimation of the vatican's position on the development of the people's rule was in the pope's words of greeting to a new Russian diplomat accredited to the holy see.

ENLISTED MEN ARE TO BE THE SAME

Continued From Page 1

who looks after the mess, is sure treating the boys right in regard to the feed.

The other Indiana regiments raised a big yell because the Fourth came down in sleepers and they had to ride in day coaches. All three divisions of the old Fourth had fine trips down here, but the first two admit the third had the best of it because the men on the last section walked about the train as they pleased and got off at several places and looked around. Jerry Sullivan who was assigned with a sergeant to look after the two horses of the detachment, stayed in the horse car until about five o'clock the first afternoon out and then came back with the rest of the bunch. The only time during the whole trip the horses saw Jerry was when they were unloaded for exercise.

Major Cary's office was in a drawing room coming down. It was equipped with a lavatory, toilet, ice water, electric fan and lights. Sergeant Gottman slept in there and got along fine except the colored porter wanted to sleep there to and Goat Benning and Jerry Sullivan had to act as body guard to keep him away.

The last section arrived here last Thursday night about eleven o'clock. The men slept on the train and woke up early Friday morning and saw lots of red, sandy soil and a rain in which the equipment was unloaded and hauled in motor trucks a mile and a half to camp. The men of the first two sections had to sleep on the floor of the sheds until the last division arrived because it carried all the regiment's equipment.

BARNETT FINED

John T. Barnett was fined one dollar and costs last night in police court when he pleaded guilty to an intoxication charge. The fine was stayed. Barnett was arrested Sunday afternoon by Chief Yakey and was released when he deposited a \$15 cash bond.

PLANS FOR THE CITY ELECTION ARE DELAYED

Continued From Page 1
situation. The election officials have not been named and thus far there has been little to indicate that a campaign was impending. One thing is certain, the campaign will be short and there are many who believe it is just as well since the conditions caused by the war would not warrant a long campaign.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency.

Hypoferrin stands for sound body and sound mind—it is the invigorating tonic and health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood, steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women.

Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The power and point way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and weary, feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your drug store or direct from us for \$1.00 per bottle. It is well worth the price. The Santal Remedies Co., Cincinnati, Ohio. (Advertisement.)

CHARGES AGAINST I. W. W. AGITATORS

They Are Accused Prevention of Munitions Manufacturing and General Farm Work

ALSO OPPOSITION TO DRAFT

Chicago, Ill., Oct. 3.—The federal government has made public the exact charges on which it hopes to convict the I. W. W. members indicted here last week. These charges according to the district attorney's office are:

Prevention of the manufacture of guns and ammunition and other munitions.

Prevention of the harvesting of grain crops throughout the country.

Attempt to stop enforcement of the conscription law.

Agitation of strikes.

Agitation for the destruction of government machinery and munition plants.

Agitation to tie up food production.

Using the mails to defraud.

Officials have found evidence that I. W. W. men answered help wanted ads from farmers only to go to the farms and retard work or attempt to destroy crops.

NOTICE TO PROPERTY OWNERS

Rushville, Indiana, October 2, 1917.

TO WHOM IT MAY CONCERN:

Notice is hereby given by the Common Council of the City of Rushville, Indiana, that on the 24 day of October, 1917, they approved an assessment roll showing the prima facie assessments for the following described public improvement of East Side of Cherry Street from Eleventh street north to the first alley north of Twelfth street as authorized by the improvement resolution named.

Persons interested in or affected by said described public improvement are hereby notified that the common council of said city has fixed TUESDAY, NOVEMBER 6th, 1917, as a date upon which remonstrance will be received or heard, against the amount assessed against each piece of property described in said roll and will determine the question as to whether such lots or tracts of land have been or will be benefited in the amounts named on said roll, or in a greater or less sum than that named on said roll.

Said assessment roll showing said prima facie assessments with the names of owners and descriptions of property subject to be assessed, is on file and may be seen at the office of the City Clerk of said city.

CARL L. GUNNING, City Clerk.

Oct 3-10

NOTICE TO NON-RESIDENTS

THE STATE OF INDIANA, RUSH COUNTY.

In the Rush Circuit Court Sept. Term, 1917. Herschell E. Daubenspeck, Admr. Est. Harvey Daubenspeck vs. Maud Randall, Byron Daubenspeck, Jacob Daubenspeck.

Complaint No. 1349.

Now comes the Plaintiff, by Mege & Ross, attorneys, and files his complaint herein, together with an affidavit that said defendants, Maud Randall, Byron Daubenspeck and Jacob Daubenspeck are not residents of the State of Indiana, that said action is for petition to set real estate to pay debts and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said Defendant last named, that unless they be and appear on the first day of the next term of the Rush Circuit Court, to be held on the 3d Monday of November, A. D. 1917, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and the Seal of said Court, at Rushville, this 24 day of October, A. D. 1917.

GEO. B. MOORE, JR., Clerk.

EMBARGO MAY HAVE A BEARING ON WAR

Allies Tightening it on Shipping of Supplies to Sweden, Norway, Denmark and Holland

COUNTRIES COMPLAINTS LOUD

England's Stopping Shipments to Scandinavia and U. S. Action May Bring Crisis

(By United Press.)

Washington, Oct. 3.—That important developments are pending affecting Scandinavia and Holland is the strong contention in official circles here today.

Tightening of the allies embargo on shipping of supplies to Sweden, Norway, Denmark and Holland is rapidly creating a situation which may have an important bearing on the war.

The complaint of these countries against the American embargo is growing louder. This coupled with Great Britain's stopping of shipments of all articles to Scandinavia and Holland is expected to bring a crisis.

In Atlantic ports of this country thousands of tons of grain for Holland are rotting and sprouting in the vessels. Scores of ships are lying idle and thousands of dollars are being lost.

There is a persistent rumor that Germany may try to seize Holland, particularly of the British menace against Ostend and Zeebrugge base become more acute or if there should appear to be any suggestion of an allied coupe of getting a stronghold in Holland.

NAMED SUPREME REPRESENTATIVE

Senator James E. Watson of This City Honored by Grand Lodge, Knights of Pythias

IS ATTENDING THE SESSIONS

Senator James E. Watson of this city, who is attending the sessions of the Knights of Pythias Grand Lodge in Indianapolis, yesterday was elected supreme representative to the national meeting of the order. Charles E. Remy was the other representative chosen. The two were chosen by a large vote in spite of the fact that Senator Watson at tempted to withdraw his name from consideration before the balloting began. Senator Watson is attending the sessions.

At least a dozen Knights of Pythias from this city have been attending the Grand Lodge meeting, which closes tonight. Tomorrow the annual meeting of Pythian Sisters of Indiana will open.

Ralph W. Gaylor, mayor of Mishawaka, was elected grand outer guard, the only other office for which there was a contest. Robert A. Brown was re-elected grand keeper of records and seals without opposition and W. A. Morris was re-elected grand master of the exchequer. Other offices, filled by advancement, are grand chancellor, Frank Heller, Columbia City; grand vice chancellor, Judge Charles L. Pulliam, Terre Haute; grand prelate, John W. Craig, Greensburg; grand master of arms, Thomas L. Neal, Lebanon; grand inner guard, Harvey W. Thompson, Indianapolis; grand trustee, W. S. Flynn, Indiana Harbor.

SELECTED MAN IS MARRIED

Miss Anna L. Miller and William M. Hilligoss Are Wedded

William M. Hilligoss, one of the selectives who will go to Camp Taylor Friday with the 20 per cent quota from this county, and Miss Anna L. Miller, daughter of Joseph Miller, were married Tuesday at the Baptist church parsonage by the Rev. C. J. Bunnell. Both live near Manilla.

Terre Haute—When the last of the selective service men of Terre Haute leave for Louisville, Terre Haute will have more than 2,000 men in military service.

WAR NURSES FACE AN ENDLESS TASK

Word From Front Paints Heroic and Pitiful Picture When Wounded Begin Coming Back.

ENGLISH NEVER COMPLAIN

Chicago Unit at Present Caring For More Wounded and Sick Than Any Other.

By GEORGE MARTIN (U. P. Staff Correspondent.)

Washington, Oct. 3.—Word to the Red Cross from the front today painted a heroic and pitiful picture of the endless task confronting American surgeons and nurses struggling to keep abreast the stream of wounded men which constantly pours back upon them from the fighting front.

The experience of a base hospital staff organized under Dr. P. A. Besley of Chicago, is typical, depicting the terrific strain under which Red Cross units are laboring with the British and French armies.

Surgeons vainly endeavoring to breast the waves of wounded breaking on their operating tables work without food or rest until they collapse.

"Dr. P. A. Besley has been operating all night. It is eleven o'clock in the morning, and he is still operating," wrote a member of the staff. Dr. Besley recently called for nine additional surgeons and twenty-five Red Cross nurses to assist him.

Dr. Besley's hospital is located three miles from the ocean in a large camp now under canvas. The civilians have all of their little tents in one locality and the nurses have temporary huts. The staff have only conical tents without sides. The Red Cross is sending a cargo of lumber abroad to construct permanent quarters for these hospitals before winter sets in. Dr. Besley said in one of his letters:

"The English Tommy is certainly a great character. He never complains, no matter what happens to him, and the nurses find it difficult to get him to say what he really needs. He is always cheerful and contented, and loves to tell what the British did to the Trenches at Viny Ridge. The simple, democratic manners of the American doctors please the patients and seem to cheer the wounded men greatly. Allied officers visit the camp every day, and praise highly the work of our men." A recent cable said:

"The Chicago Unit at present is caring for more wounded and sick than any other American Unit in France. The Boston Unit has only a few hundred fewer cases. The doctors and enlisted men in both units have been working steadily and without much sleep, because there are not enough of them to divide the work in shifts and at the same time give the wounded prompt attention. The orderlies seem tired but determined."

"Most of our enlisted men have been used to all the comforts of life," said one of the Chicago Unit staff. "They have never done any work half as hard as they are getting here, but they have been splendid all along and have come through with flying colors, without a single exception they have made good and we are proud of them."

GREEN FOUND NOT GUILTY

Freed of Charge of Beating Rooming Bill at Windsor

F. H. Green, of the Modern Appliance company, was found not guilty of beating a rooming bill at the Windsor hotel by the jury in Squire Kratzer's court yesterday afternoon. The jury was out about fifteen minutes in reaching the verdict. The jury believed that there was no intent to beat the hotel out of money for a room and considered it more a case of dispute over the amount than a criminal action.

BARGAINS ARE ALWAYS ADVERTISED

DRIVE TO SELL QUOTA HERE DECIDED ON

Executive And Advertising Committees and Township Chairman Are Appointed Tuesday

CHAIRMEN TO PICK HELPERS

Every Person Will be Solicited on Given Date When Organization is Perfected

DATE FOR DRIVE IS OCTOBER 10

Each Township Chairman Instructed to Appoint Helpers, Ranging in Number From 3 to 12

A drive of one or two days duration throughout the county to place the county's allotment of the Second Liberty Loan Bonds has been determined on by the county organization in charge and executive and advertisement and city chairman have been naming committees and township, appointed to carry out the plans.

This course of action was finally decided on as the most feasible at the meeting of the county committee yesterday afternoon in the court house assembly room. The date for the drive, when an attempt will be made to see every person in Rush county, has been fixed for October 10 and all the township chairmen are expected to report to the executive committee by that time that they have their organizations ready. Each township chairman is instructed to appoint a committee of solicitors, ranging in number from three to twelve, according to the size of the territory to be covered.

The county does not yet know its quota. It was published in an Indianapolis newspaper that the quota would be \$714,000, but it was announced today that the allotments made public last evening were incorrect and were being revised. It is practically certain that the local allotment will be between \$500,000 and \$700,000.

The executive committee is composed of the following men: J. F. Downey of the Arlington bank; A. L. Gary, chairman of the County Council of Defense; J. A. Leisure of Jackson township; J. F. McKee, cashier of the New Salem bank; and Wilbur Stiers, cashier of the Rushville National bank.

The advertising committee is composed of the following: Ralph Payne, cashier of the Peoples National bank and the Peoples Loan and Trust company; Lewis M. Sexton, cashier of the Rush county National bank; Theodore L. Heeb, secretary of the Farmers Trust company; Howard Henley, cashier of the Bank of Carthage and Wilbur Stiers.

The corporation chairmen named are as follows: Ripley, Roland H. Hill; Posey, J. Frank Downey; Walker, Thomas K. Mull; Orange, Solon Tevis; Anderson, Claude R. Crane; Rushville, Oliver Megee; Jackson, Jesse A. Leisure; Center, Bert B. Benner; Washington, Dr. C. L. Smullen; Union, William R. Martin; Noble, John F. McKee; Richmond, Joe Pike, Rushville city, Frank H. Green.

A. L. Gary today sent the following letter to each township and corporation chairman.

"Dear Sir:—At a meeting of the county committee for the sale of Liberty Loan Bonds held on yesterday, the above chairmen (a list of the chairmen was given at the head of the letter) were appointed for each corporation. Each chairman is requested to appoint a committee of from three to twelve in his township to assist in making a thorough canvass in the township for the sale of

TWO SUITS ARE DISMISSED

Replevin And Ejectment Actions Against Vanscoy Out of Court

The two suits filed by George E. Green against Timothy Vanscoy, for replevin and ejectment, were dismissed and the costs paid in circuit court today. Since the filing of the suits Vanscoy has left the Green farm. The replevin action was to recover possession of a horse Green alleged the defendant held an failed to return.

WAR LIBRARY FUND REACHES GOAL TODAY

Eight Dollar Contributions Are Made and Two Checks Promised Which Will Pass Quota

NEARLY ALL IS UNSOLICITED

The Rushville library board has raised its quota on the war library fund, it was announced today. Yesterday noon the local fund had reached \$230 and today at noon eight more dollar contributions were reported. This made the fund still seven dollars short of the quota, which is \$245, but the board was promised two checks which were expected to put the fund across the mark set for it.

Those giving a dollar and reported today were as follows: Mrs. Edward Young, Mrs. John Kennard, Thomas K. Mull, Dr. D. D. VanOsdel, John Davis, Havens Frazee and Mrs. Joseph Caldwell.

The fund is unique in that practically all of it has been given without solicitation. Those who have contributed have done so because they felt without any arguments being made to them that it was worth while.

SAYS HE WAS HELD UP AND ROBBED OF \$7

Arthur Ancil, Driver of Auto Bus, Says Thief Struck Him as he Entered Garage Here

POLICE CAN'T FIND A CLEW

Arthur Ancil, a driver of one of the auto busses operating between here and Greensburg, reported to the police today that he had been held up and robbed last night of \$7 at the Carr Garage in South Main street. He declared that a man attacked him as he entered the office and forced him to keep quiet in view of the fact that another man was within four feet of him whom he might call. The police investigated but could find no clew.

Ancil says he stood at the door while Bryce Stoops drove the auto bus back into the garage. The robber, he told the police, ordered him not to make a noise, but when Stoops came back, the thief struck him in the mouth, knocking him down, and taking the money from his pocket. Stoops ran for the police and when Policemen Seward and Newhouse arrived, the thief had fled. The police say Ancil was bleeding at the mouth where he had been struck.

REHEARING DENIED.

(By United Press.)

Indianapolis, Ind., Oct. 3.—The supreme court today overruled the motion for a rehearing on its decision declaring the law passed by the last legislature calling a constitutional convention was illegal.

CHARGES DISMISSED.

(By United Press.)

Bloomington, Ind., Oct. 3.—Criminal proceedings against Mayor John Harris, indicted by the grand jury on sixteen counts was today dismissed by Judge R. W. Miers.

RUSSELL CAVENDER

GIVEN DISCHARGE

District Board Exempts Milroy Map On Agricultural Grounds, It Is Learned

PLANS FOR FAREWELL MADE

Band to Play When Local Contingent Leaves and When Other Men Are Here Saturday

The district appeal board granted an additional exemption yesterday for Rush county, holding that Russell Cavender of Milroy was entitled to an exemption on agricultural grounds. Cavender did not file any claim with the local board, but took his case direct to the district board. For some unknown reason his case did not receive attention when A. L. Gary, appeal agent, was before the district board.

The fourteen men who will make the trip to Louisville Friday will report at the court house tomorrow afternoon at two o'clock. The men will be instructed and a leader appointed.

Plans are going steadily forward for the farewell demonstration for the selectives. A committee was at work today securing funds for the band and it is planned to have the band out both Friday morning, when the local boys leave, and Saturday afternoon when the selectives from Irvington, Connersville and Liberty will be here.

The local board today urged men who have been exempted and who since the exemption have found that they are ready to go into the new national army to see the local board at once. It was stated today that one man had been found who was granted an exemption but is now ready to go. He has not appeared either before the board or the appeal agent.

The board pointed out that the exemptions are not permanent, but it is expressly stated on the discharge given each man that he binds himself to report to the board any time he finds he is in a position to serve in the army. Many have taken the exemptions to mean they are permanent, but this is not the case and there is a heavy penalty for evading this clause.

Since the granting of exemptions conditions might change so that a man by this time could serve in the army and it is made the duty of the men in this position to report at once to the board. The exemption will then be revoked and the man sent in his regular turn.

FRENCH BOMB BADEN.

Paris, Oct. 3.—Baden has been bombed by French aviators, today's official statement announced.

CITY ELECTION

PLANS DELAYED

City Council Would Add More Precincts if it Were Assured Women Would Vote

HIGH COURT TO PASS ON LAW

Decision Can Not be Given in Time For 30 Days Notice Required to Change Precincts

With the city election just five weeks from yesterday, the city clerk and election commissioners are anxiously awaiting the final disposition of the woman's suffrage law at the hands of the state supreme court in order that arrangements for the event can be made.

The city council, if there was any certainty that the women would get the right to participate in the election, would redistrict the city by adding at least three precincts to take care of the increased vote. But there is no certainty and as the precincts cannot be changed under thirty days it will be impossible to change them for this election, which will result in a heavy vote at all six precincts should the law be held constitutional.

The supreme court is to hear an oral argument on the case Oct. 9 and according to this, the decision cannot be given in time for the required thirty days notice to change the precincts. With no certainty that the women will get to vote, the council believed it would be an expense uselessly incurred to change the precincts for the election at this time and if the women get to vote the inconvenience of the crowded conditions at the six precinct voting places, will have to be undergone at this election.

The law will probably be decided in time to determine the number of ballots required, but even at this date the order for election supplies should be in the hands of the printer and as it is impossible to give the exact amount needed, the uncertainty of the situation is evident. The clerk will probably order the usual number of supplies and make arrangements to secure an additional list if the law is held constitutional. The same situation exists all over the state.

The candidates for office are also "up against it" as they do not know whether to seek the woman vote. The supreme court will undoubtedly give a decision before the election but the decision will not be made in time to change the precincts and thus avoid the crowded condition. The election commissioners here have not met as yet as there was little use to due to the unsettled

CAMPS TO OPEN JANUARY 5

Men From Regular and National Army May Try for Commissions.

(By United Press.)

Washington, Oct. 3.—The third set of training camps Jan. 5 to April 5, 1918, will permit members of the regular army, national guard and national army, along with graduates of certain colleges and military schools to train for officers positions, the war department announced today.

AT LEAST THIRTY DIE IN TYPHOON AND FLOOD

40,000 Rendered Homeless, Railroads and Shipping Paralyzed and \$3,000,000 Damage Done.

JAPANESE EMPIRE IS HIT

BULLETIN

(By United Press.)

Tokio, Oct. 3.—The death toll from the typhoon which swept Tokio Monday was today placed at 138. More than 100,000 are homeless.

(By United Press.)
Tokio, Japan, Oct. 3.—The most destructive typhoon and flood in twenty years today had destroyed thousands of buildings, rendered 40,000 homeless, paralyzed railroads and shipping and done \$3,000,000 damage in Tokio alone. At least thirty are dead.

The storm struck first in the vicinity of Tokio Bay. The whole coast line was inundated. A small tidal wave accompanied the wind and rain. At Yokohama four boats were swept under water.

The telegraph system is demoralized and reports from other parts of the empire are missing. The Sumida river is still rising and it was predicted today that 20,000 additional homes will be flooded in the Tokio district.

BAND STAND BUILT AT CAMP SHELBY

Regimental Musical Organizations To Give Concerts Every Night and Sunday Afternoons.

MOVIES START AT Y. M. C. A.

(Special to the Daily Republican.)

Hattiesburg, Miss., Oct. 3.—Many hands were busy at Camp Shelby erecting a spacious band stand in front of the division headquarters at Camp Shelby today. Beginning Tuesday concerts are given at the new location every afternoon and evening and Sunday afternoons by the various regimental bands.

Projectors and screens have also been installed in three of the Y. M. C. A. buildings at the camp grounds and all is ready for the movies to flicker. The first of these photoplay entertainments was given at the camp Monday night.

NEW PARTY IS ORGANIZED

Wellesley Professor Says Women Will Align With Organization.

Chicago, Ill., Oct. 3.—Prof. Ellen Hayes of Wellesley College declared this afternoon in an address before the joint session of socialists, prohibitionists, progressives and single taxers that the women voters of the country would align themselves with the proposed coalition party.

Miss Hayes statement was verified by other women delegates. Permanent organization of the proposed new party progressed rapidly this afternoon.

A marriage license was issued this afternoon to Willard Ogler and Lucile Harcourt, both of Marcy.

ENLISTED MEN

TO BE THE SAME

Only Change in Old Sanitary Detachment of Fourth Will be Addition of Three Officers

DENTIST AND 2 VETERINARIES

Effort Being Made to Have Lieut. Hale Pearsey Assigned to Place—Fine Quarters

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 3.—The personnel of the regimental infirmary attached to the 139th Heavy Field Artillery, formerly the sanitary detachment of the Fourth Indiana Infantry, recruited at Rushville, Ind., will be the same as far as enlisted men are concerned, except that there will be three more officers—one more dental surgeon and two veterinary surgeons.

First Lieutenant Hale Pearsey of Rushville, Ind., member of the dental reserve corps who has been assigned here, may be made the other dental surgeon of the infirmary. The officers and men of the infirmary are anxious to have Lieutenant Pearsey appointed since he hails from the same place most of the men in the infirmary do. It is reported that Maj. Cary commander of the infirmary, has requested the division surgeon located here to appoint Lieutenant Pearsey.

It is understood here that the headquarters company of the 139th Artillery, commanded by Captain John Kiplinger, of Rushville, Ind., former captain of Company B, Fourth Indiana Infantry before that organization was combined with Company A, Fourth Indiana, to form Battery A of the artillery, will have some kind of work in connection with the telephones. Their work will be along the line of scout work, to advise how the shots are being placed in the enemy's lines.

The 139th Artillery regiment will have over sixteen hundred horses and two hundred mules. Some of the animals will be received this week. The regiment is now housed in tents and all have mess shacks of wood, all alike.

The regimental infirmary is situated on a hill overlooking the whole regiment. The enlisted men are sleeping in tents to the rear of the infirmary, except three sergeants. Sergeants quarters are in the infirmary building but one has to stay out with the men, turn about, two weeks at a time. Sergeant C. W. Gottman is detailed to that job for the present.

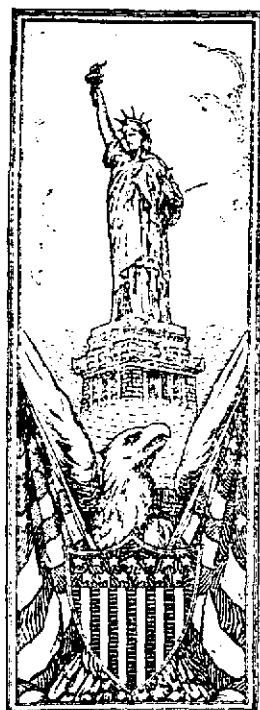

The infirmary building is sixty feet long and has a porch fifty feet long. It is arranged as follows:

"First floor, entering on right, are the receiving room, dental room, quartermaster's room and small tool room. Down the hall to the rear are the sergeants room, infirmary where there is room for 25 beds, a small room for the man on night duty and then a porch.

"First floor, entering on left, are Major Cary's quarters, infirmary office, Captain McClelland's office and a room for the lieutenants. Down the hall as one enters is the dining room and back of that the kitchen with a wall cupboard for utensils and another for groceries. At the rear of the kitchen is another porch."

There is running water in the kitchen and the whole building will soon be wired for electricity. The infirmary also has a bath house and latrine in the back.

The infirmary will be living in style soon. The infirmary mess was to be started by today at the latest. The stove has been installed and the ice box located. Until the infirmary mess was started, the men were assigned to the old companies A. B. and H. All wanted to go to Company B as Sergeant Bill Brann, Continued on Page 7

They Fit the Curves

Artists agree that the perfect foot and ankle of woman possesses
a subtle grace which is very difficult to reproduce, even with a very
skilled hand.

These artistic curves are the foundation for beautiful style ef-
fects in shoes. Only those shoes which follow the curves unerringly,
be the design ever so beautiful, can impart the right style to the feet.
Our shoes are built over just such artistic lines and we have them
in endless varieties, in Browns, Tans, Blacks, and the Popular
Shades in two-tones with either high or low heels.

Shoes made of leather cost a little more than shoddy shoes, but
are much cheaper in the end.

HOGS ARE QUOTED TEN CENTS LOWER

Prices Decline With Increase of 500
in Receipts—Grain Futures
Are Up.

CASH PRICES ARE STEADY

Hogs were quoted in Indianapolis
today ten cents lower than yester-
day. Receipts were only five hun-
dred greater than yesterday.

Prices on grain futures in Chic-
ago were slightly higher, December
corn advancing five-eighths of a cent
and May three-eighths, December
oats was up a cent and May, a half
cent.

Cash grain prices were steady to
slightly higher in Indianapolis.
Wheat was the same and No. 3 white
corn was unchanged, but No. 3 yel-
low advanced a cent and No. 3 mixed,
two and a half. No. 3 white oats
was up a cent and a half and No. 3
mixed, one and a quarter.

DECISION IS BLOW AT PREMIER KERENSKY

Russian Democratic Congress Votes
813 to 180 Against Coalition
Government

RECONSIDER TUESDAY'S VOTE

(By United Press.)
Petrograd, Oct. 3.—The all-Rus-
sian democratic congress today
voted 813 to 180 against a coalition
government.

The decision is a blow directly at
Premier Kerensky and the provis-
ional government.

Yesterday the same conference
voted 766 to 688 in favor of a coal-
ition of all parties in the formation
of a cabinet which should firmly ad-
minister the Russian democracy.

The vote today came after the
conference had formally determined
to reconsider that decision.

DRIVE TO SELL LIBERTY LOAN QUOTA DECIDED ON

Continued From Page 1

these bonds. You should select mem-
bers for your committee who will be
active in soliciting or in purchasing.
If you have a bank in your town-
ship, you can get material from it.
It is the intention of the committee
that every person in the county
shall be given an opportunity to
purchase bonds on Wednesday, Oc-
tober 10. It is hoped that the drive
may be completed on that date and
that Rush county may on that day
sell her allotment. We are sure
that all who subscribe will receive
the amount they subscribe for.
Please mark on the applications
which you take, and which should
be signed by the subscriber, the
bank through which he wishes to
purchase and his application will be
delivered to that bank.

"You may begin taking applica-
tions at any time, but we would like
to finish the county in our great
drive on the 10th. Please send the

TWO DEPARTMENTS OF STATE DISCONTINUED

Statisticians Office and Bureau of
Legislative Information Go
Out of Existence

NO FUNDS ARE APPROPRIATED

(By United Press.)

Indianapolis, Ind., Oct. 2.—Two
departments of state activities were
discontinued this week because of
failure of the legislature to make
appropriation for their upkeep.
They were the bureau of legislative
information and the bureau of statis-
tics.

Under the appropriation which
provides for issuance of a year book
the legislative bureau of informa-
tion will continue until that work is
finished—probably two months. John
A. Lapp, former director of the bu-
reau, will give part of his time dur-
ing October to supervising the work
on the year book, serving without
compensation. Within a short time
he will enter civic education work.

The bureau of statistics, sup-
porting five free employment bu-
reaus one each in Indianapolis, Ft.
Wayne, Terre Haute, Evansville and
South Bend, was abolished through
an amendment made to the appro-
priations bill during the last hours
of the legislative sessions. Henry
A. Roberts, state statistician and
five employes in the capitol beside
superintendents and secretaries of
employment bureaus, are without
jobs.

It is known that Governor Good-
rich intended to appoint Roberts to
another state position paying the
same salary as the statistics jobs
but as the governor is ill now, he
will be unable to carry out his wish-
es until he recovers sufficiently to
assume the work of his office.

MEMBER OF STATE COMMISSION DIES

William J. Wood, Age 67, Expires
of Heart Trouble Today From
Illness Starting Sept. 15

LEADING TRAFFIC EXPERT

(By United Press.)

Indianapolis, Ind., Oct. 3.—Wil-
liam J. Wood, member of the In-
diana Public Service Commission and
one of the leading traffic experts
of the country, died here today
from heart trouble.

Wood became ill on Sept. 15.
His term as member of the Public
Service Commission started on May
1 as successor to Edwin H. Lee.
Previous to that time he was attor-
ney examiner for the Interstate
Commerce Commission at Washing-
ton.

He was born in Alabama in 1850.
In 1880 he moved to Evansville,
taking a position with the L. and N.
railroad. He rose to be third vice-
president of the company.

In 1893 he moved back to Ala-
bama, serving as state tax com-
missioner of that state for five years
later as bank examiner. In 1901 he
moved back to Evansville and was
appointed member of the Indiana
Railroad Commission.

He is survived by a widow and
one son, William B. Wood of De-
troit and one daughter, Mrs. John
H. McNeely of Evansville.

"TRAIN" OF HOGS PASSES THROUGH CITY TODAY

A wagon train of hogs, four-
teen loads of them, passed
through the business part of
the city today, bound for the
depot to be shipped to market.
They belonged to Joe Pike of
south of Rushville. There were
298 in the bunch and farmers
who saw them pass said they
would not miss averaging three
hundred pounds each. Mr. Pike
did not know whether he would
ship them to Indianapolis or
Buffalo.

names of your township committee
to the undersigned not later than
October 5.

"For any further information
than that obtained from your bank,
call on or write Wilbur Stiers,
cashier of the Rushville National
bank, Rushville, Ind., who is sec-
retary of this committee.

DEMAND OUSTING OF LAFOLLETTE

Resolutions Adopted by Indiana Council of Defense and Wisconsin Republican Committee

UTTERANCES TREASONABLE

Every Member State Defense Body Favors Expulsion Except One Not Voting

(By United Press.)

Milwaukee, Wis., Oct. 3.—W. B. Heinemann, chairman of the executive committee of the Wisconsin republican state central committee today announced that that body with the exception of two members concurred in a telegram to Washington requesting the impeachment and expulsion from the senate of Senator LaFollette.

Indianapolis, Ind., Oct. 3.—A resolution denouncing statements of Senator LaFollette of Wisconsin as "malicious, false and treasonable," and demanding his removal from the senate was passed by a vote of all but one member of the State Council of Defense today. Evans Wollen did not vote.

The resolution follows: "Be it resolved that the Indiana State Council of Defense hereby puts itself on record as denouncing all acts and utterances of a disloyal nature.

"To condemn and resent an act of treason is the plain duty of every American citizen.

"The attention of our people has been called to the malicious, false and treasonable statements of Senator Robert M. LaFollette.

"Such words and acts not only hinder our efforts but misrepresent the heart of the country in this war. They give aid and comfort to the enemy, which has been guilty of crimes against humanity unprecedented and beyond belief. Be it veiled or uncovered treason is treason wherever found and should be dealt with accordingly.

"It is the sentiment of the council that the United States senate should immediately give serious consideration to the question of removing from the senate all the members of that body whose acts or words are detrimental to a successful prosecution of the war."

WARNS AGAINST BLISTER BEETLE

This Year They Helped Eliminate Grasshopper and Next Year Should Be Plentiful

WALLACE MAKES PREDICTION

(By United Press.)

Indianapolis, Oct. 3.—Farmers, beware of a plague of Blister beetles in 1918. This was the warning of Frank N. Wallace, state entomologist, today in commenting on the grasshopper pest which has swept over the state this year. He said: "During the season of 1916 the comparative scarcity of Blister Beetles was often commented on in this office and as grasshoppers were quite numerous, a pest of the grasshopper was predicted for 1917. This prediction came true and there has been more damage done this season by the hoppers than for many years past.

"This year the Blister Beetles have proven a blessing as they are the best means of controlling grasshoppers. Beetles eat grasshopper eggs and as one young beetle can devour about 100 eggs, it can readily be seen how they can check a grasshopper plague.

"The season of 1918 will witness a plague of Blister Beetles but if it were not for the great numbers of them, we could expect a horde of grasshoppers.

"Directions for the control of the pest will be issued next year from this office.

4 DIE IN FOREST FIRE

Fillmore, Cal., Oct. 3.—Four persons are known dead and several missing are believed to have perished in a forest fire which is today sweeping six miles north of here. Property damage is estimated at \$500,000.

SAMMIES MAKE HIT WITH BRITISH

He is a New Type to the English And They Marvel Over Race of Former Colony

PRESS SPEAKS WELL OF HIM

Their Appearance on Streets is Always Occasion For Craning of Necks

(By United Press.)

London, Sept. 6.—(By Mail)—The American soldier is a new type to the English and they are still marveling over the "race" that their former colony is producing.

The appearance of a Sammy is always the signal for craning of necks and interested comment. Here are some of the things the London newspapers are saying about that strange breed the American Sammy.

"Men of the typical American physique; staunch, hefty, clean-cut built for pace and power alike."

"Nearly all of them had the brown, keen-eyed face of open-air men. They walk with that easy, careless vigor, contemptuous of spit and polish. In the West the human unit is a man-and-a-horse; and they are never quite reconciled to walking."

"These Westerners are numerous—they look far ahead, across unseen horizons. They don't march—rather they saunter.

"Many of them come straight from the West and wear pistols swinging handily at their hips, says a reporter who has evidently gained his impression of Westerners from American wild west movies.

U. S. DESTROYER HITS A BRITISH VESSEL

Collision Results in American Ship Being Severely Damaged But No One Is Injured

DOWNPOUR OF RAIN IS CAUSE

(By United Press.)

Washington, Oct. 3.—An American destroyer operating in European waters was severely damaged in a night collision with a British naval vessel, the navy department announced today. After the accident the British ship stood by, took off part of the destroyer's crew and towed her into port.

No one on board either ship was injured and the destroyer has been repaired and returned to service.

An investigating board found that the accident was due to the fact that the destroyer suddenly emerged from the heavy downpour of rain which made her invisible almost up to the moment of the collision.

SUBSCRIPTIONS IN NEW YORK \$75,000,000

Smaller Subscriptions Are More Noticeable on Second Day of Liberty Loan Drive

\$252,650 IS UNSOLICITED

New York, Oct. 3.—New York city's subscriptions to the second Liberty loan have reached approximately \$75,000,000 in the first two days of the drive, according to unofficial estimates. Not many large subscriptions were announced yesterday, as compared with the opening day of the campaign, but it was noticeable that the number of smaller subscribers was larger. Unsolicited subscriptions totaling \$252,650 were brought in person to the local headquarters.

The progress of the campaign so far has surpassed the hopes of the committee, and prospects for a large oversubscription in this federal reserve district are regarded as bright. Meanwhile, various plans for broadening the campaign have been put under way. Subscriptions will be received now at thousands of stores and many hotels throughout the greater city.

Kidney Disorder

(BY DR. L. C. BARCOCK)

"The most simple methods are usually the most effective ones when treating any disorder of the human system." The mere drinking of a cup of hot water each morning, plenty of pure water all day, and a little Anuric before every meal has been found the most effective means of overcoming kidney trouble. Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depression, pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints or gout.

Since it is such a simple matter to step into a drug store and obtain Anuric (double strength), anyone who earnestly desires to regain health and new life will waste no time in beginning this treatment.

INDIANA WOMEN, TAKE THIS ADVICE!

Laporte, Ind.—"When approaching middle life I suffered severely. I had never before suffered with any sort of womanly weakness and I was very much afraid that the critical time would go hard with me, but one bottle of Dr. Pierce's Favorite Prescription completely removed my pains and the change came on so easily that I was scarcely conscious of it. It is fifteen years since I took 'Favorite Prescription' and I am just as strong and well as can be and have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise its use by all women at the critical time of life."—Mrs. S. J. BAKER, 916 Scott St.

The Nurse's Sacrifice

The sacrifices that nurses make in offering their lives to save the lives of others can not be overestimated. The calling of the nurse has become extremely hazardous in this most brutal of all wars because of the tactics of the merciless German who deliberately flies over the hospitals back of the enemy lines and bombs them. Only yesterday another of the crimes that will be charged up against Germany was told in dispatches. An agent of the kaiser dropped explosives on a hospital, killing three nurses and a number of wounded men.

But there are thousands who are ready and willing to make the supreme sacrifice. More than two thousand wearing the Red Cross on their arm are now engaged in active nursing service, and another two thousand in teaching and committee work, the national committee on nursing of the American Red Cross announces. Nine thousand more stand ready to serve at once, and a number of trained nurses volunteering for service with the Red Cross now averages a thousand a month.

Miss Jane A. Delano, chairman of the nursing committee, says that the general scheme of unit organization was to keep together groups of nurses and doctors with experience in the same training schools and hospitals. Base hospital units for the army and navy have been recruited from alumnae of the schools connected with the largest hospitals in the country, in groups of 20, 40, 65 and 100.

Besides the base hospital units the Red Cross has established units of nurses for emergency use. Such a hospital unit consists of one doctor and twenty-five nurses.

Specially trained nurses are being held in readiness for work in units devoted to pediatrics, orthopedics, mental diseases and public health.

Infant Welfare nurses have, already been sent to France and to Roumania. Plans are also under way for a special unit of nurses trained in the care of mental diseases to serve in the mental wards of the hospitals established at the thirty-two army cantonments. Units in orthopedics are being prepared to meet the needs of the maimed in the reconstruction hospitals.

In the civil zones surrounding the training camps and cantonments and the naval bases, fifty public health nurses have been assigned to work under the Red Cross sanitary directors. Ninety-five Red Cross nurses in the town and country nursing service are engaged in teaching and nursing in rural and mining districts that the public health at home shall not suffer needlessly.

Doing Her Bit

The housewife will do her bit, according to announcement by the government, in the conservation of the limited supply of tin plate by cooking and soaking her own dried peas and lima beans in the kitchen and thereby releasing a proportionate amount of tin cans for use in the packing of perishable goods where they are greatly needed.

In this connection, also, housewives are warned to read the labels on canned peas and beans which they

buy to determine whether they are getting the fresh product or a soaked dried product. Soaked peas and lima beans are a wholesome article of food, it is stated, but they are, however, admittedly inferior in quality as compared to the products prepared from the fresh vegetables. Furthermore, the dried peas or beans may themselves be purchased cheaply and while in the dried condition may be commercially and satisfactorily stored for future use.

It is for this reason that housewives are urged to read the labels on these two articles because soaked peas and beans are labeled as such, the canner is in violation of the pure food and drug act. Cases have been known where the dried article has been sold as the fresh product.

It would be interesting to know just how much of that large Russian loan will find its way into the pockets of the men in the trenches. We look with pride on the splendid personnel of our army, but we are too apt to forget or overlook the fact that an adequate wage goes a long way towards securing that personnel. The difference between one cent a day and one dollar a day may account for considerable enthusiasm or its absence. An American guarantee of fifteen or twenty dollars a month to every Russian soldier who is willing to stand and fight would materially change the morale of the Russian armies. It is worth a trial.

An Indiana woman has been disfranchised for two years for stealing coal from a school house. This was the extreme of cruelty since she was just on the verge of getting a vote providing the state supreme court does not uphold the Marion county superior judge, who ruled the law giving Indiana women limited suffrage was void.

If you haven't bought a Liberty Bond, it is sure that you will get a chance to because the committeemen have the names of every man in Rush county. You can't dodge 'em.

REJECTED BY MINE WORKER

Compromise Offered By Operators Is Turned Down By U. M. W.

Washington, Oct. 3.—A compromise wage advance offered by the bituminous coal operators was rejected by the United Mine Workers. Efforts to reach a satisfactory adjustment will continue. Miners objected to the operators' plans of a contract for the duration of the war. The miners contend that they do not want to be tied up to an indefinite contract, but wish it for three years. There is also considerable difference over the wage increase. The operators have agreed to a five cent a ton advance while the miners want 15 cents a ton increase.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

STREET WORKERS WAGES INCREASED

City Council Decides to Give Them More Money When They Threaten to go on Strike

COST OF LIVING IS BLAMED

Water Extension to be Made in East 9th Street—Buildings in Alley Hold up Paving

Under a threat to strike, the street department of the city obtained an increase in wages last night from the city council. The men who stated they would no longer work for 22 cents an hour were those under the direct supervision of the street commissioner, but in order to satisfy everyone the entire department was given more money.

The men under the street commissioner are to get 25 cents an hour, an increase of three cents on the hour, dating from Oct. 1. The teamster is to receive 50 cents an hour, an increase of six cents an hour. The two street sweepers, John Singer and John Jordan are given a dollar more on the week making a total of \$13 a week.

The street department recently received an increase in pay but the amount did not near correspond with the increased cost of living. The council declared they did not see how a man could live for what these men have been getting and readily granted the increase. The men on the street formerly received 20 cents an hour and the council pointed out that the cost of living has increased more than five cents on the dollar.

The water and light committee reported that after an investigation it was decided to build the water extension in East Ninth street. The extension is 112 feet and instead of supplying one family will probably supply four or five.

Thomas Cauley, contractor for

The former state statistician lost his job because the legislature failed to appropriate funds to run the office.

the paving of the alley between Main and Perkins street, running north from Fifth to Sixth street, was before the council last night and gave notice that if the alley is to be built sixteen feet wide, according to the plans and specifications, several barns and buildings will have to be moved. Cauley stated that he was ready to start work since the circuit court sustained a demurrer to the complaint in the injunction suit.

The council took no action and more complications are expected before the alley is constructed. Cauley maintains it is not his place to move the buildings and the city says it is not their place; so the question is how to make the property owners place their buildings on the property line so that the width of the pavement can be sixteen feet.

Supt. Mahin reported that one of the engines at the water and light plant was shut down for repairs. He stated it had been running for nine years and was almost worn out. The necessary repairs were expected here today and the engine will be in operation by tomorrow.

TAKES LESS FOOD IF EATEN RIGHT

Dr. Hurty Declares Thorough Mastication Will Help Reduce High Cost of Living

ALSO WILL BE HEALTHIER

Points Out That Poor Health Costs Money and a Little Care Will Save Money

By DR. J. N. HURTY.
(State Health Commissioner)
(Written for United Press.)

The costs of ill health are very great. If there were less ill health these costs would be less. Every person, or let us say ninety per cent of all persons, experience sickness to some degree. Our common salutation—"How do you do?"—is a recognition of this fact. Sickness costs money for doctors, for nurses, medicine and loss of time; but the greatest loss is lessened efficiency. Sickness warps and dulls perception and judgment.

Headache, sour stomach, biliousness, constipation, rheumatism, sore throat, cough, cold in the head, will lessen business efficiency and causes costly mistakes. A poorly lighted office, foul air laden with tobacco smokes, also depress perception and judgment and lowers efficiency. Sickness proceeds mostly from wrong living. At the table is when we throw the rocks at ourselves.

Rapid eating, over eating, eating a wrong diet and bad cooking: these are the mighty sickness makers. We can lessen the cost of our food fully one-half by selection of rational diets and chewing more thoroughly. Over and over the phy-

siologist has proven that "one-half the food we eat goes to support life and the other half is what makes us sick." And again they tell us, that by thorough mastication we can live stronger and better upon much less food. In numerous feeding and nutrition experiments upon human beings, it has been positively demonstrated that thorough chewing will enable one to live on fifty per cent less food and be healthier and stronger.

"I am tired of hearing about the high cost of food, for each individual can lower the cost fully one-half through rational living. We have only to stop our present cranky, foolish, weak, self indulgent feeding, to save great sums and be

healthier, stronger and happier. Do this or quit complaining about the high cost of food and about your bodily ills. Don't be cranks and assault your bodies and purses."

THIRD SECTION STARTS

Indianapolis, Ind., Oct. 3.—The third section of Indiana's conscripted men started leaving for Camp Taylor at Louisville today. Twenty per cent of the state's total quota on the first draft was included in the increment leaving today. It was planned at first to send forty per cent but because of lack of clothing for the men, this was cut in half by the war department.

Twenty per cent remains to be sent to the training camp. They will

leave very shortly.

Born to the wife of Charles Palmer, yesterday morning, a boy weighing eleven and a half pounds.

Mi-O-Na Stops All Stmoach Distress

Matinee, 5c and 10c

Night, 10c and 15c

Miss Theresa Molique was a charming hostess Monday evening, when she entertained a few of her girl friends with an informal party at her home in Connorsville. The affair was in the form of a dove party. Miniature doves made a clever decoration for the table and tiny doves were given the guests as favors. Hosts of full flowers were also used to brighten the pretty dining room, and a color scheme of yellow and white was used in the appointments of the elegant four course luncheon which was served, at the close of the delightful evening over needlework and knitting. The Misses Helen Osborne and Margaret Kelly of this city were among the guests of honor.

Miss Pauline Cowing, assisted by Miss Marjory Maxiner and Mrs. Donald Alexander and Miss Susie Peaster royally entertained about twenty-seven members of the Loyal Daughters class of the Christian church, last evening at her home in West First street. Miss Merle Freeman of Chicago was the only visiting guest. The president, Mrs. Russell Barringer, presided over the meeting. During the business session, the secretary's and treasurer's reports were given and a letter read from Mrs. C. M. Yocum, now residing in Kansas City, Mo. Miss Cowing and Miss Maxiner played several piano duets and the girls wrote a glass letter to Mrs. Yocum, each members contributing to the letter. The girls also sewed and knit and the hostesses served a course luncheon. In two weeks, Miss Bessie Morris will be hostess to the club.

Mr. and Mrs. L. M. Clark entertained with an elegant six o'clock dinner last evening at their home in North Main street, honoring their nephew, Robt. E. Clark, who will go to Camp Taylor, Louisville, Ky., Friday. The military dinner was served in three courses, a design of flags centering the prettily laid table, and dainty patriotic place cards marked the places for the following guests: Mr. and Mrs. O. E. Hume and son Robert, Mr. and Mrs. Ben Hume, Mr. and Mrs. Charles Offutt, Mr. and Mrs. John H. Frazer, Mrs. Helm Woodward and son Robert of Covington, Ky., and Miss Nettie Clark.

A wedding of much interest to friends in this city is that of Miss Mable McCracken and Jesse Miller, both of Shelbyville. The wedding ceremony was performed at 6:30 o'clock Saturday evening by the Rev. A. F. Von Tobel of the Presbyterian church. Mr. and Mrs. Miller will make their home on a farm near Shelbyville. Mrs. Miller lived in this city for several years and attended the local high school.

Mr. and Mrs. Will Ash of this city were among the out-of-town guests who went to the home of Mrs. James Ash in Shelbyville, Sunday to celebrate her birthday and her fortieth wedding anniversary. The day was a very pleasant one and Mrs. Ash was the recipient of many beautiful presents.

Pretty fall flowers were used to brighten the parlors of the home of Mrs. George Osborne yesterday afternoon, when she entertained

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof
We publish the formula of Vinol to prove convincingly that it has the power to create strength.
Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycophosphate, Casein.
Any woman who buys a bottle of Vinol for a week, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.
You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

Social Calendar

Wednesday

Grand club with Mrs. Guy Abercrombie, 613 North Perkins street, in the afternoon.
Yomo club with Mrs. Norman Crum, 839 North Jackson street in the afternoon.
Pitch-in supper at the Red Men Hall for the members of the Lurline council, in the evening.
C. W. B. M. of the Little Flatrock Christian church, in the parlors of the church in the afternoon.

twelve members of the O. N. T. club. The guests 'sawed' during the afternoon and the hostess served refreshments. The next meeting will be held in two weeks.

The first meeting of the season of the Research Literary club of Millroy was held with Mrs. E. O. Anderson yesterday. About fourteen members were in attendance and the entire afternoon was given over to business. The members decided to hold all day meetings this winter and sew for the Red Cross in the morning and have their regular literary program in the afternoon.

The twelve members of the Tuesday evening card club were entertained by Mrs. Jesse Poe last evening at her home in North Morgan street. The guests were entertained with lively rounds of five hundred, Mrs. Walter Easley and Mrs. Eddie Carter winning the pretty trophies. Dainty refreshments were served. In two weeks Miss Hettie Retherford will entertain the club.

Mrs. C. J. Tucker was the only visiting guest yesterday afternoon at a meeting of the S. E. T. Embroidery club with Mrs. George Helm at her home in West Third street. Knitting for the Red Cross was a pastime for the guests and refreshments were served. Miss Lucy Inlow will be hostess to the club in two weeks.

About twenty members of the W. R. C. Penny Social enjoyed a pleasant meeting yesterday afternoon with Mrs. Ed Lee at her home in North Sexton street. The afternoon was whiled away over needlework and splendid refreshments were served.

William C. Fitz and Miss Hyacinth Hook, both of Elwood, were married here today at the Baptist parsonage by the Rev. C. J. Bunnell. They left for a short trip to Louisville, Ky., and later will be at home in Elwood where he is employed in the tin-plate mills.

Mr. and Mrs. Ode Winkler will entertain with a pitch-in supper this evening at their home in Jackson township, honoring Mr. and Mrs. Orbie Warrick, who were recently married.

Days Pickings

Mrs. W. A. Jones fell yesterday and injured her leg which was hurt more than a year ago when she fell and broke her hip bone. Mrs. Jones has been crippled since that accident. She was on the way to the C. I. & W. yesterday when she fell.

Frank Forry, formerly instructor in German in the Rushville high school, who is studying medicine in Indiana university, has been elected to Nu Sigma Nu, an honorary medical fraternity.

A boy weighing ten pounds was born last night to the wife of Hal Green, north of the city.

Ab Enos is ill at his home in Sexton.

Webster's Carbon paper. L. C. Hiner.

Margaret Mason Wrote It in Prose, But It's Really Poetry

By MARGARET MASON
(Written for United Press.)

There was a little man
And he bought a little hat,
To take his pretty little wife.
He thought it out of sight.
Well it was a sight, all right,
And he spoiled all, her happy little life.
He thought himself so smart
At the chapeau buying art
That he always picked her hats
from then to now
Till ashamed to show her head
In his hats the lady fled
To Dahomey where they've no hats anyhow.
If your husband is like that
And should bring you home a hat
Leave him quickly—warning take
from what I've said
If you don't my little dear,
Then I very greatly fear
That the blame and hat must rest
upon your head
New York, Oct. 3.—A strolling
up Fifth Avenue the other day to get
a view of all the latest fashions new
and other things of interest too, I
saw a sight I sensed to be beginning

Amusements

The Gem will show the feature drama, "A Bit of Kindling," for the program tonight. Miss Jackie Saunders, the tomboy of the screen is featured and it is said to tell a fine story. There are many big scenes and the story is taken from life. Tomorrow the William Fox feature, "High Finance," will be shown. George Walsh is featured.

The Princess offers Mable Taliaferri in the feature drama, "A Wife by Proxy" for the first picture of tonight's program. It is the story of a girl who sacrifices to save a friend from the snares of a beautiful adventuress. In addition to this drama, "Pathe News" will be shown. Tomorrow Aneta Stewart will be seen in the feature, "Clover's Rebellion."

William Collier, who will appear in, "Nothing But the Truth," which has played for a year at the Longacre Theatre, New York, will be seen at the Murat Theatre, Indianapolis October 8-9-10th, with matinee Wednesday. Monday night is for Shriners only.

"Nothing but the Truth," is a farce in the true acceptance of that much abused word. It is all that the term farce implies—a clean play with amusing scenes and absurdity of complications that send an audience away from the theatre saturated with laughter. That is its mission, and it made good in New York, where it enjoyed a laughing career of over a year, and that too, in a city of many amusements. The only thing serious about this play is its title, for when truth manifests itself in the efforts of the hero to win a ten thousand dollar wager, mirth and laughter are very much in evidence, and an audience is guilty of creating them both as it watches the honest efforts of the earnest young gentleman to add ten thousand dollars to his fiancée's bank book by the simple method of telling the truth only.

And he does speak the truth, and therein lies the complicating effects of the plot. It is difficult to describe in print the absurdity of scenes and situations, the general upsetting and putting away of business and domestic life, and no farce has ever been staged so replete with these as "Nothing But the Truth."

The play has been given a star of no mean merit in William Collier, the well known comedian, and a supporting cast will fully emphasize all of its mirthful possibilities, and this should afford local patrons of the theatre one of the enjoyable evenings of the current season, for it is a funny play—it has proven this by repeated performances.

Among the cast are to be found Rapley Holmes, Charles Walton, Ned Sparks, Arnold Lucy, Betty Wales, Lillian Lawrence, Ione Bright, Mary Harper and many more.

The Murat agent in Rushville is Hargrove and Mullin and tickets can be purchased there for any performance.

of a tragedy, although perhaps you'll not agree that such a simple thing could be a terrible catastrophe—but that is what it seemed to me. Before a hat shop, very smart, whose wares with super-subtle art within the shadow of the mart attract each female passer-by even as the spider does the fly, and lets them not by 'till they buy, I saw a man of portly mein with ruddy face and manner keen (I judge he came from Abilene or some small city in the West) and there he stood with visage pressed against the glass. Well well I guessed his dire intent and was distressed. I knew that in the book of Fate 'twas writ his unsuspecting mate, away out west right on the pate, was due to get an awful blow when he came home with face aglow and straight unwrapped her gift to show.

I knew that husband meant to buy his wife a hat 'twas in his eye I had a wild desire to cry, but all I did was sadly stare and soon I saw him enter there a victim of the modiste's snare. Alas, I knew it was too late to change that poor wife's hateful fate and so I left with a quickened gait.

Oh why, will husbands do this thing? The hearts of helpless wives they wring when hats they homeward haste to bring. I'm sure the hat selecting call, in Spring, or Summer, Winter, Fall, has sounded in the lives of all. It's time we women took a stand and elbowed together in a band to stop this outrage through the land. I think we should all come out flat and let them know where we're at against the husband-hand-picked hat.

Now let me haste to qualify. It's only women they go and buy a hat alone and on the sly, that woman hate hats husbands buy. It's quite all right when wife's nigh, to catch the salesgirl's knowing eye.

I love to have my husband go with me when shopping for chapeaux. He wants to buy each one we see that is becoming quite to me and so I get not one but three.

And now the bright thought came to me, we'll solve the thing this way, you see, and turn our grief right into glee. As soon as women get the vote, I hope they'll make a little note of this hat matter that I wrote, and pass a law when husbands feel the urge of hat selection steal through all their being, head to heel, that they be not allowed to go, unchaperoned to spend their dough, and buy a hat that's beauty's foe. Accompanied by his wife must each man on a hat buying spree, or subject to the law he'll be. Two years imprisonment or fine in silver, dollars five or nine if he is found with full design alone in any hat shop smart about to buy a work of art that's sure to break his poor wife's heart.

But if this scheme of mine falls through and as Solution will not do, why here's another, simpler too. 'Twill cure him, I am sure of that, if we just give him tit for tat and go and pick HIM out a hat.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Nightwear

During these trying times, when buying a pajunion, a gown, or a nightshirt, unpun it. Find out what you are buying. Dig deep beneath the surface. If the garment you are looking at has a guilty secret, pull out the pins and expose it. Remember that the fit value, the comfort value and the satisfaction values all lie hidden, as the usual garment is presented for the buyers' consideration.

Brighton-Carlsbad courts the fullest inspection, simply because it possesses such splendid marks of quality and such unusual features that certain satisfaction inevitably results.

Only the best quality of outing is used in making our ladies' gowns, of which there are scores of styles. You will be interested in the pajunion, the one-piece pajama—it cannot be excelled for sleeping porch use. Sleeping garments with feet for children of all ages. It will be worth your while to see these splendid garments.

ELECTION NOTICE

The members of the Rush County Farmers' Insurance Association are hereby notified to meet at the assembly room, court house, in Rushville, Indiana, on

SATURDAY, OCTOBER 13, 1917, at 1 o'clock p. m. for the purpose of electing officers for the next ensuing year and for the transaction of such other business as may come before said meeting.

L. E. WEBB, Secretary.

NOTICE OF DITCH LETTING.

Notice is hereby given that the Trustees of Posey Township Rush County, Indiana, will at Arlington on

THE 18th DAY OF OCTOBER, 1917, at 1:00 o'clock p. m., receive bids for the improvement by cleaning and repairing the following ditch:

Blackman and Price Ditch. Plans and specifications are on file in my office showing the number of cubic yards of material to be excavated, and the work to be performed in making such repairs, by sections of one hundred feet.

The successful bidder shall, within 5 days, be required to enter into a contract and give bond with two freehold sureties in a sum not less than double the amount of the contract so awarded.

FLOYD WOODS, Trustee of above-named Township.

AIR FIGHTERS ARE MAKING HEADWAY

American Fliers in France Will Soon be Ready to do Their Part of Work

TWO BIG SCHOOLS THERE

Located in Obscure Places—French Officers Admire Men For Discipline

By J. W. PEGLER (U. P. Staff Correspondent.)

American Field Headquarters, France, Sept. 6 (By Mail)—Tucked away in the obscurity of France where even war news filters through several days late, Uncle Sam's fledgling air-fighters are beginning to sprout their wings.

You will find them in two big French aerodromes—men of the Army and Navy and Americans of the French Foreign Legion who have temporarily expatriated themselves to learn flying.

The early bird-man catches his coffee and rolls at 4:30 a. m., and from that time on until ten o'clock at night—in good weather—his hazardous day is crowded with work and lectures and study.

The daily schedule calls for three hours' rest between noon and three o'clock. Sometimes a fellow gets a chance to sleep in this period but more often he spends it propped up in his cot studying the whys and wherefores of the spiral spin.

Uncle Sam's war aviation field isn't an aviation field at all just now. Engineers are working there putting barracks and hangers or building the necessary railroad spurs with the aid of a band of complacent German prisoners. Pretty soon now, if the officials and the people at home come through with the material, this field will become one of the greatest aviation bases in the world. But the flyers can't wait so they're learning with the French.

Take the Army and Navy men's school. These men were picked because of the unusual qualifications and sent over here to France to study flying with experienced French air-fighters. Already one class of navy men has graduated from the preliminary course of flying and passed on to the second course where they will learn to handle the big machines which drop bombs and the fleet little craft that do the fighting.

Mingling with the American soldiers and sailors are other Americans in blue uniforms, the uniform of the Foreign Legion, who flocked over here confident of learning something, somewhere the flying game more quickly than they could at home. They will be ready with the rest, when the time comes to fly before the American trenches and stiffle the enemy guns.

Rich man's heir and poor man's sons and the college athletic hero of a season are mingled together, taking the same course, living under the same discipline.

The new student goes up in a plane with a double set of control levers, said a young lieutenant, the son of a former mayor of New York. "If the student makes a mistake, the French pilot sitting behind him, gives a hand-signal for the student to let go of everything. Then the pilot works the plane with his own levers and if it isn't too late can prevent accidents. The double control lever saves a lot of fellows from getting hurt."

But people will get hurt despite the control system. Students at this school can point out the two spots on their flying field where two American naval flyers fell to their death while learning. And farther down the field, behind a big hangar there is a pile of three or four junked aeroplanes, broken in minor flying accidents.

French officers admire the American sense of discipline. Here is an instance that the whole camp will remember. The pilot instructed his students to steer a straight course no matter what lay ahead because a green pupil is liable to upset his machine by attempting to turn. The pupil obeyed and crashed into a tree. Both occupants of the machine had slight injuries but the instructor was satisfied he had a man of nerve.

SEEKING SUPPORT FROM THE PEOPLE

This Apparently Purpose of Pope Benedict in His Further Search For Peace Basis

FAVORS SOCIALISTS AIMS

By JOHN HURLEY (U. P. Staff Correspondent.)

Rome, Oct. 3.—Pope Benedict is apparently seeking support of his peace plan from the people of beligerent nations, since his appeal to the rulers has been ineffective. Direct approval of certain socialistic aims was attributed to him in a statement today.

The greatest significance was attached to an editorial in a newspaper frequently regarded as the vatican official organ and which it was believed was approved by the pope. The editorial declared the holy see was in agreement with the socialists insofar as they were seeking to safeguard democratic liberty and protect constitutional rights by legal means.

Another direct intimation of the vatican's position on the development of the people's rule was in the pope's words of greeting to a new Russian diplomat accredited to the holy see.

ENLISTED MEN ARE TO BE THE SAME

Continued From Page 1

who looks after the mess, is sure treating the boys right in regard to the feed.

The other Indiana regiments raised a big yell because the Fourth came down in sleepers and they had to ride in day coaches. All three divisions of the old Fourth had fine trips down here, but the first two admit the third had the best of it because the men on the last section walked about the train as they pleased and got off at several places and looked around. Jerry Sullivan who was assigned with a sergeant to look after the two horses of the detachment, stayed in the horse car until about five o'clock the first afternoon out and then came back with the rest of the bunch. The only time during the whole trip the horses saw Jerry was when they were unloaded for exercise.

Major Cary's office was in a drawing room coming down. It was equipped with a lavatory, toilet, ice water, electric fan and lights. Sergeant Gottman slept in there and got along fine except the colored porter wanted to sleep there to and Goat Benning and Jerry Sullivan had to act as body guard to keep him away.

The last section arrived here last Thursday night about eleven o'clock. The men slept on the train and woke up early Friday morning and saw lots of red, sandy soil and a rain in which the equipment was unloaded and hauled in motor trucks a mile and a half to camp. The men of the first two sections had to sleep on the floor of the shacks until the last division arrived because it carried all the regiment's equipment.

BARNETT FINED

John T. Barnett was fined one dollar and costs last night in police court when he pleaded guilty to an intoxication charge. The fine was stayed. Barnett was arrested Sunday afternoon by Chief Yakey and was released when he deposited a \$15 cash bond.

PLANS FOR THE CITY
ELECTION ARE DELAYED

Continued From Page 1

situation. The election officials have not been named and thus far there has been little to indicate that a campaign was impending. One thing is certain, the campaign will be short and there are many who believe it is just as well since the conditions caused by the war would not warrant a long campaign.

FIGHT
FOR YOUR LIFEDuty Demands
Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains three mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, pallor, pale complexion that all feel and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate, a healthy stomach. With these you can meet life at any angle.

The wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the hair and buoyancy of youth. The power and paint way of erecting beauty is not needed by hypoferrin women and men. Their blood, filled with nature's beauty stores, creates the conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life in your body and mind that inspires the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your drug store or direct from us for \$1.00 per package. It is well worth the price. The Sentinel Remedies Co., Cincinnati, Ohio. (Advertisement.)

CHARGES AGAINST
I. W. W. AGITATORS

They Are Accused Prevention of Munitions Manufacturing and General Farm Work

ALSO OPPOSITION TO DRAFT

Chicago, Ill., Oct. 3.—The federal government has made public the exact charges on which it hopes to convict the I. W. W. members indicted here last week. These charges according to the district attorney's office are:

Prevention of the manufacture of guns and ammunition and other munitions.

Prevention of the harvesting of grain crops throughout the country. Attempt to stop enforcement of the conscription law.

Agitation of strikes.

Agitation for the destruction of government machinery and munition plants.

Agitation to tie up food production.

Using the mails to defraud.

Officials have found evidence that I. W. W. men answered help wanted ads from farmers only to go to the farms and retard work or attempt to destroy crops.

WANT ADS BRING RESULTS

NOTICE TO PROPERTY OWNERS

Rushville, Indiana, October 2, 1917.

TO WHOM IT MAY CONCERN:

Notice is hereby given by the Common Council of the City of Rushville, Indiana, that on the 24 day of October, 1917, they approved an assessment roll showing the prime face assessments for the following described public improvement of East Side of Cherry Street from Eleventh street north to the first alley north of Eleventh street as authorized by the improvement resolution named.

Persons interested in or affected by said described public improvement are hereby notified that the common council of said city has fixed TUESDAY, NOVEMBER 6th, 1917, as a date upon which remonstrance will be received or heard, against the amount assessed against each piece of property described in said roll and will determine the question as to whether such lots or tracts of land have been or will be benefited in the amounts named on said roll, or in a greater or less sum than that named on said roll.

Said assessment roll showing said prime face assessments with the names of owners and descriptions of property subject to be assessed, is on file and may be seen at the office of the City Clerk of said city.

C. L. GUNNING, City Clerk.

Oct 3-16.

NOTICE TO NON-RESIDENTS

THE STATE OF INDIANA, RUSH COUNTY.
In the Rush Circuit Court Sept. Term, 1917.
Heretell E. Daubenspeck, Adm. Est. Harvey Daubenspeck vs. Maud Randall, Byron Daubenspeck, Jacob Daubenspeck.
Complaint No. 1549.

Now comes the Plaintiff, by Messrs. & Ross, attorneys, and files his complaint herein, together with an affidavit that said defendant, Maud Randall, Byron Daubenspeck and Jacob Daubenspeck are not residents of the State of Indiana; that said action is for partition of real estate to pay debts and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendant last named, that unless they be and appear on the first day of the next term of the Rush Circuit Court, to be holden on the 24th day of November, A. D. 1917, at the Court House in Rushville, in said County and State, and answer or deny to said complaint, the same will be heard and determined in their absence.

Witness my name and the Seal of said Court, fixed at Rushville, this 24 day of October, A. D. 1917.

GEO. B. MOORE, JR., Clerk.

EMBARGO MAY HAVE WAR NURSES FACE
A BEARING ON WAR AN ENDLESS TASK

Allies Tightening it on Shipping of Supplies to Sweden, Norway, Denmark and Holland

COUNTRIES COMPLAINTS LOUD

England's Stopping Shipments to Scandinavia and U. S. Action May Bring Crisis

(By United Press.)

Washington, Oct. 3.—That important developments are pending affecting Scandinavia and Holland is the strong contention in official circles here today.

Tightening of the allies embargo on shipping of supplies to Sweden, Norway, Denmark and Holland is rapidly creating a situation which may have an important bearing on the war.

The complaint of these countries against the American embargo is growing louder. This coupled with Great Britain's stopping of shipments of all articles to Scandinavia and Holland is expected to bring a crisis.

In Atlantic ports of this country thousands of tons of grain for Holland are rotting and sprouting in the vessels. Scores of ships are lying idle and thousands of dollars are being lost.

There is a persistent rumor that Germany may try to seize Holland, particularly of the British menace against Ostend and Zeebrugge base, become more acute or if there should appear to be any suggestion of a allied coupe of getting a stronghold in Holland.

NAMED SUPREME
REPRESENTATIVE

Senator James E. Watson of This City Honored by Grand Lodge, Knights of Pythias

IS ATTENDING THE SESSIONS

Senator James E. Watson of this city, who is attending the sessions of the Knights of Pythias Grand Lodge in Indianapolis, yesterday was elected supreme representative to the national meeting of the order. Charles E. Remy was the other representative chosen. The two were chosen by a large vote in spite of the fact that Senator Watson attempted to withdraw his name from consideration before the balloting began. Senator Watson is attending the sessions.

At least a dozen Knights of Pythias from this city have been attending the Grand Lodge meeting, which closes tonight. Tomorrow the annual meeting of Pythian Sisters of Indiana will open.

Ralph W. Gaylor, mayor of Mishawaka, was elected grand outer guard, the only other office for which there was a contest. Robert A. Brown was re-elected grand keeper of records and seals without opposition and W. A. Morris was re-elected grand master of the exchequer. Other offices, filled by advancement, are grand chancellor, Frank Heller, Columbia City; grand vice chancellor, Judge Charles L. Pulliam, Terre Haute; grand prelate, John W. Craig, Greensburg; grand master of arms, Thomas L. Neal, Lebanon; grand inner guard, Harvey W. Thompson, Indianapolis; grand trustee, W. S. Flynn, Indiana Harbor.

SELECTED MAN IS MARRIED

Miss Anna L. Miller and William M. Hilligoss Are Wedded

William M. Hilligoss, one of the selectives who will go to Camp Taylor Friday with the 20 per cent quota from this county, and Miss Anna L. Miller, daughter of Joseph Miller, were married Tuesday at the Baptist church parsonage by the Rev. C. J. Bunnell. Both live near Manilla.

Terre Haute—When the last of the selective service men of Terre Haute leave for Louisville, Terre Haute will have more than 2,000 men in military service.

Word From Front Paints Heroic and Pitiful Picture When Wounded Begin Coming Back.

ENGLISH NEVER COMPLAIN

Chicago Unit at Present Caring For More Wounded and Sick Than Any Other.

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Oct. 3.—Word to the Red Cross from the front today painted a heroic and pitiful picture of the endless task confronting American surgeons and nurses struggling to keep abreast the stream of wounded men which constantly pours back upon them from the fighting front.

The experience of a base hospital staff organized under Dr. P. A. Besley of Chicago, is typical, depicting the terrific strain under which Red Cross units are laboring with the British and French armies.

Surgeons vainly endeavoring to breast the waves of wounded breaking on their operating tables work without food or rest until they collapse.

"Dr. P. A. Besley has been operating all night. It is eleven o'clock in the morning, and he is still operating," wrote a member of the staff. Dr. Besley recently called for nine additional surgeons and twenty-five Red Cross nurses to assist him.

Dr. Besley's hospital is located three miles from the ocean in a large camp now under canvas. The civilians have all of their little tents in one locality and the nurses have temporary huts. The staff have only conical tents without sides. The Red Cross is sending a cargo of lumber abroad to construct permanent quarters for these hospitals before winter sets in. Dr. Besley said in one of his letters:

"The English Tommy is certainly a great character. He never complains, no matter what happens to him, and the nurses find it difficult to get him to say what he really feels. He is always cheerful and contented, and loves to tell what the British did to the Tossches at Viny Ridge. The simple, democratic manners of the American doctors please the patients and seem to cheer the wounded men greatly. Allied officers visit the camp every day, and praise highly the work of our men." A recent cable said:

"The Chicago Unit at present is caring for more wounded and sick than any other American Unit in France. The Boston Unit has only a few hundred fewer cases. The doctors and enlisted men in both units have been working steadily and without much sleep, because there are not enough of them to divide the work in shifts and at the same time give the wounded prompt attention. The orderlies seem tired but determined."

"Most of our enlisted men have been used to all the comforts of life," said one of the Chicago Unit staff. "They have never done any work half as hard as they are getting here, but they have been splendid all along and have come through with flying colors, without a single exception they have made good and we are proud of them."

GREEN FOUND NOT GUILTY

Freed of Charge of Beating Rooming Bill at Windsor

F. H. Green, of the Modern Appliance company, was found not guilty of beating a rooming bill at the Windsor hotel by the jury in Squire Kratzer's court yesterday afternoon. The jury was out about fifteen minutes in reaching the verdict. The jury believed that there was no intent to beat the hotel out of money for a room and considered it more a case of dispute over the amount than a criminal action.
